6. An explosive shall not be sold to any child apparently under the age of 13 years.

7. The explosive possessed by the licensee shall be kept in such a building as is referred to in condition 4, or in a fireproof safe outside a dwelling-house and detached therefrom and at a safe distance from any highway, street, public thoroughfare, or public place, made and closed so as to prevent unauthorized persons having access thereto, and to secure it from danger from without:

Provided that a quantity not exceeding 50lb of gunpowder, or in lieu of each pound of gunpowder not so kept 2lb. of explosive contained in ammunition of the 1st division of class 6, or an equivalent quantity of an explosive of the 7th (fire-work) class may be kept inside a dwelling-house, or in any building other than as last aforesaid, in a receptacle exclusively appropriated to keeping explosive.

Provided also that no explosive other than gunpowder or ammunition of the 2nd division of class 6 made with gunpowder shall be kept in a fire-proof safe.

8. All article or substances of an explosive or highly inflammable nature shall be kept at a safe distance from the explosive and from any building, fire-proof safe, or receptacle containing the same.

9. Neither the building exclusively appropriated for the purpose of manufacturing or keeping the explosive, nor the fireproof safe or receptacle shall have any exposed iron or steel in the interior thereof.

10. All explosive exceeding 5lb in amount of the 1st division of the 6th (ammunition) class or of the 2nd division of the 7th (fire-work) class, and all other explosive exceeding 1lb in amount shall be kept in a substantial case, bag, canister, or other receptacle made and closed so as to prevent the explosive from escaping, and if publicly exposed for sale or sold, the outermost receptacle containing such explosive shall have affixed the name of the explosive in conspicuous characters by means of a brand or securely attached label or other mark.

11 Each description of explosive, which may be kept under this license, shall be separated by an intervening partition of such substance and character, or by such intervening space as will effectually prevent explosion or fire in the one communicating with the other.

12.* The license-holder shall affix to his shop or place of business a signboard as required by rule 11 of the rules framed under the Indian Arms Act, 1878, and shall post up in his shop a copy of section 28 of that Act.

13.† The license-holder shall at the time of purchase endorse upon the license of every purchaser holding a license under Form VIII or IX of the forms prescribed under the Indian Arms Act, 1878, the following particulars:—

(*a*) the name and address of the person who takes delivery of the articles sold;

_____ 188 .

_____ *of* _____

Conditions.

1. This license is given subject to the provisions of "The Indian Explosives Act, 1884," and the rules framed thereunder.

2. There shall not be at the same time in the magazine an amount of explosive exceeding the amount specified in the license.

3. The magazine shall be used only for the keeping of the explosive or explosives specified in the license, and of receptacles for, or tools or implements for, work connected with the keeping of such explosive or explosives.

4. The interior of the magazine and the benches, shelves and fittings therein, shall be so constructed or so lined or covered as to prevent the exposure of any iron or steel, and the detaching of any grit, iron, steel, or similar substances in such manner as to come into contact with the explosive, and such interior, benches, shelves, and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean; and in the case of any explosive being possessed which is liable to be dangerously affected by water, due precautions shall be taken to exclude water therefrom.

5. The magazine shall have attached thereto a sufficient lightning conductor.

6. Before repairs are done to or in any part of a room or magazine, it shall, as far as is practicable, be cleaned by the removal of all explosive or mixed ingredients thereof, and the thorough washing out of such room or part; and after such cleaning, these conditions shall cease to apply to explosive until such room or part of the magazine is again taken into it.

7. Except after such cleaning, all tools and implements used in or in any repairs to any part of the magazine shall be made only of wood, copper, or brass, or some soft metal or material, or shall be covered with some safe and suitable material.

8. Due provision shall be made by the use of suitable working clothes without pockets, suitable shoes, searching and otherwise, or by some such means for preventing the introduction into the magazine of fire, lucifer matches, or any substance or article likely to cause explosion or fire, or any iron, steel or grit; but this rule shall not prevent the introduction of an artificial light of such construction, position, or character as not to cause any danger of fire or explosion.

9. No person shall smoke in any part of the magazine.

10. Any person under the age of 16 years shall not be employed in or enter the magazine except in the presence and under the supervision of some grown-up person.

11. Two or more descriptions of explosive which may lawfully be possessed in a licensed magazine may be possessed in the same magazine, provided they are separated from each other by an intervening partition of such substance and character or by such intervening space as will effectually prevent explosion or fire in the one communicating with the other, subject to the following qualifications :—

(*a*) The various explosives of classes 1 (gunpowder), 2 (nitrate-mixture), 3 (nitro-compound), and 4 (chlorate-mixture), safety fuze belonging to the 1st division of class 6 (ammunition), and such of the various explosives of the 2nd division of class 6 (ammunition) as do not contain any exposed iron or steel, may be kept with each other without any intervening partition or space.

(*b*) The various explosives of the first division of class 6 (ammunition) may be kept with each other without any intervening partition or space.

(*c*) Such of the various explosives of the 2nd division of class 6 (ammunition) as contain any exposed iron or steel may be kept with each other without any intervening partition or space.

(*d*) The various explosives of the 3rd division of class 6 (ammunition) may be kept with each other without any intervening partition or space.

(*e*) The various explosives of class 7 (fire-work) may be kept with each other without any intervening partition or space.

Except as aforesaid, two or more descriptions of explosives may not be kept in the same magazine.

12. The licensee and every person employed in or about the magazine shall take all due precaution for the prevention of accidents by fire or explosion in the same, and for preventing unauthorized persons having access to the magazine or to the explosive therein, and shall abstain from any act whatever which tends to cause fire or explosion, and is not reasonably necessary for the purpose of the work in such magazine.

ORDERS BY THE LIEUT.-GOVERNOR OF BENGAL.

MUNICIPAL AND LOCAL.

NOTIFICATION.

The 16th March 1887.—Whereas a notification, dated the 29th December last, declaring the Lieutenant-Governor's intention to confirm the bye-laws reproduced below, which have been framed by the Commissioners of the Bankoorah Municipality under section 350 of Act III (B.C.) of 1884, was published at page 2, Part 1B of the *Calcutta Gazette* of the 5th January last, and whereas no objection has been raised to them, it is hereby notified that, in the exercise of the power conferred on him by section 351 of the Act, and on the recommendation of the Commissioners of the said Municipality made at a meeting, the Lieutenant-Governor confirms the said bye-laws :—

For regulating Burial and Burning Grounds.

1. No person shall carry, or cause to be carried, any corpse, or part of a corpse, through the streets within the municipality without having it fully covered from the public view.

The penalty for infringement of the rule shall be a fine not exceeding Rs. 5.

2. No person shall, unless with the special permission of the Commissioners, burn or bury any corpse, or any part of a corpse, within the municipality, except in places already set apart by the municipality, or which will be subsequently selected for the purpose.

The penalty for infringement shall be a fine not exceeding Rs. 20

3. No person shall bury, or cause to be buried, any corpse or a part thereof at a place less than three feet distant from any grave or place where another corpse is buried, without the permission of the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

4. No person shall bury, or cause to be buried, any corpse or a part thereof at a depth of less than six feet from the surface of the earth, or less than four feet if the corpse be placed in a coffin.

The penalty for infringement shall be a fine not exceeding Rs. 10.

5. No person shall re-open any grave without the permission of the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

6. No person shall leave, or cause to be left, in the burning or burial ground, any cloth, matting, bedding taken with the corpse, or any other article of similar nature, or any article other than any metalic article connected with the burying or burning of any such corpse, without burying them or burning them to ashes.

The penalty for infringement shall be a fine not exceeding Rs. 5.

7. No person charged with the burning of a corpse shall cause or permit any person to leave it, or any part of it, without completely reducing it to ashes.

The penalty for infringement shall be a fine not exceeding Rs. 10.

For the prevention of nuisance on river bed.

8. No person shall ease himself, or throw, deposit or discharge any offensive matter, sewage, or rubbish into any river or water-course within the municipality.

The penalty for infringement shall be a fine not exceeding Rs. 10.

Babu Gunga Pershad Sah, decree-holder, *versus* Babu Raghunath Pershad, and Audh Pershad and Kamta Pershad, his sons, and Jaikishen Pershad, his minor son, judgment-debtors.

NOTICE is hereby given that, under section 287, Act XIV of 1882, an order has been passed by this Court for the sale of the attached property mentioned in the annexed schedule, in satisfaction of the claim of Gunga Pershad Sah, the decree-holder in the suit mentioned in the margin, amounting with costs and interest up to the date of sale to the sum of Rs. 1,29,173-1-6.

Suit No. 65 of 1884, decided on 27th December 1884 by the Subordinate Judge of Muzufferpore, in which Babu Gunga Pershad Sah was plaintiff, decree-holder, and Babu Raghunath Pershad, &c., were defendants, judgment-debtors.

The sale will be by public auction, and the property will be put up for sale in the lots specified in the sale schedule. The sale will be of the property of the judgment-debtors above named as mentioned in the schedule below, and the liabilities and claims attaching to the said property, so far as they have been ascertained, are those specified in the schedule against each lot.

In the absence of any order of postponement, the sale will be held by the Nazir of the Judge's Court, at the monthly sale, commencing at 6 o'clock, on the 2nd May 1887, in the verandah of the Judge's Cutchery at Chapra.

In the event, however, of the debt above specified and of the costs of the sale being tendered or paid before the knocking down of any lot, the sale will be stopped.

At the sale the public generally are invited to bid, either personally or by duly authorized agent. No bid by or on behalf of the judgment-creditor above mentioned will, however, be accepted; nor will any sale to him be valid without the express permission of the Court previously given.

The following are the further

Conditions of the Sale.

1. The particulars specified in the schedule below have been stated to the best of the information of the Court, but the Court will not be answerable for any error, misstatement or omission in this proclamation.

2. The amount by which the biddings are to be increased shall be determined by the officer conducting the sale. In the event of any dispute arising as to the amount bid, or as to the bidder, the lot shall at once be again put up to auction.

3. The highest bidder shall be declared to be the purchaser of any lot, provided always that he is legally qualified to bid, and provided that it shall be in the discretion of the Court or of the officer holding the sale to decline acceptance of the highest bid when the price offered appears so clearly inadequate as to make it advisable to do so.

4. For reasons recorded, it shall be in the discretion of the officer conducting the sale to adjourn it subject always to the provisions of section , Act XIV of 1891.

5. In the case of moveable property, the price of each lot shall be paid for at the time of sale, or as soon after as the officer holding the sale directs, and in default of payment the property shall forthwith be again put up and sold.

6. In the case of immoveable property, the person declared to be the purchaser shall pay immediately after such declaration a deposit of 25 per cent on the amount of his purchase money to the officer conducting the sale, and in default of such deposit the property shall forthwith be put up again and sold.

7. The full amount of the purchase money shall be paid by the purchaser before the Court closes on the fifteenth day after the sale of the property, exclusive of such day, or if the fifteenth day be a Sunday or other holiday, then on the first office day after the fifteenth day.

8. In default of payment of the balance of the purchase money within the period allowed, the property shall be resold after the issue of a fresh notification of sale. The deposit after defraying the expenses of sale, shall be forfeited to Government, and the defaulting purchaser shall forfeit all claim to the property or to any part of the sum for which it may be subsequently sold.

Given under my hand and the seal of the Court this 15th day of March 1887.

AMRITA LAL CHATTERJEE, Subordinate Judge, for Judge.

NOTICE.

IT is hereby notified, for general information, that subscriptions to the complete series of the Indian Law Reports should be registered during the first three months of each calendar year. Subscribers are therefore requested to send in their subscriptions for the complete series before the 31st March in each year. Those who register their names after that date will understand that copies will be supplied only if available.

H. A. D. PHILLIPS,

Under-Secy. to the Govt. of Bengal.

The 24th November 1886.

The following revised advertisement is published in substitution of that which appeared at page 1084, Part II of the *Calcutta Gazette* of the 9th July 1884:—

The Indian Law Reports,

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series: one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat; the copies for subscribers registered by Messrs. Thacker, Spink & Co., are distributed by that firm; and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1885, the terms of subscription and sale will be as follows:—

3. In section 3, immediately before the last paragraph, the following shall be inserted :— Amendment of section 3.

"and the parent or guardian of every unprotected child may, whenever the Superintendent of Vaccination as hereinafter appointed shall deem it expedient, be served with a notice in the form prescribed in the first Schedule of this Act, requiring the parent or guardian, within fifteen days after the service of the same, to take such child, or cause such child to be taken, to a public vaccine station to be vaccinated, or within such period as aforesaid to cause it to be vaccinated by some medical practitioner or public vaccinator, and every such parent or guardian shall within the said period comply with the requisition," Unprotected child may be required to be vaccinated within 15 days.

4. For the first paragraph of section 4 the following shall be substituted :— Amendment of section 4.

"At an appointed hour on the same day in the following week after the operation shall have been performed, or on an earlier day if required, the parent or guardian shall cause the child to be inspected by the operator, or by any person deputed for that purpose by the Superintendent of Vaccination, that the result of the operation may be ascertained; and it shall be the duty of any public vaccinator who has vaccinated a child elsewhere than at a public vaccine station to visit the child at the time and for the purpose above mentioned, whether he is requested to do so or not, unless the Superintendent of Vaccination has deputed some other person to act for such public vaccinator in this behalf." Inspection.

Amendment of section 13.

5. To section 13 the following shall be added:—

"If a vessel arrives in the said Port of Calcutta having on board any person suffering from the disease of small-pox, the said Health Officer may, if he deem it expedient in order to prevent the risk of the contagion of small-pox being conveyed into the Town or Suburbs of Calcutta, require any unprotected person on board such vessel to submit himself forthwith to be vaccinated, and every such person shall before leaving the vessel submit himself to the said Health Officer, or any person duly authorized to act in this behalf, for vaccination:

Health Officer may, in certain cases, require immediate vaccination of unprotected person on board.

Provided that nothing herein contained shall apply to any vessel belonging to, or in the service of, Her Majesty or the Government of India, or to any vessel belonging to any foreign Prince or State."

Proviso.

New section to follow section 13.

6. After section 13 the following section shall be inserted:—

"13A. Every person occupying any house, enclosure, vessel or other place within the limits of the Town or Port of Calcutta, or the Suburbs of Calcutta, or the Town of Howrah, shall allow the Superintendent of Vaccination, or a medical practitioner or public vaccinator duly authorized by him in this behalf, such access thereto as he may require for the purpose of ascertaining whether the inmates are protected or not, and as, having regard to the customs of the country, may be reasonable.

Occupier of house, &c., to allow access.

Whenever it is necessary to ascertain whether a woman is protected or not, the investigation shall be conducted by a female with strict regard to the habits and customs of the country."

Amendment of section 28.

7. To section 28, after clause (*c*), the following clause shall be added:—"or

(*d*) refuses without reasonable excuse to submit himself to be vaccinated when required so to do by the Health Officer exercising the powers conferred upon him by section thirteen,"

New sections to follow section 29.

8. After section 29 the following sections shall be inserted:—

"29A. Whoever voluntarily obstructs any public vaccinator in the discharge of the duties assigned to him as such shall be punished for each such offence with fine which may extend to fifty rupees.

Penalty for obstructing public vaccinator in the discharge of his duties.

It shall be read with, and taken as part of, Bengal Act V of 1870 as amended by Bengal Acts VII of 1871, III of 1872, IV of 1880, I of 1881 and II of 1883, and it shall come into force on such date as may be fixed by the Lieutenant-Governor, not being more than three months after the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor-General.

Repeal of sections 2, 3, 4, 13, 14, and 15 of Act V (B.C.) of 1870.

III. Sections 2, 3, 4, 13, 14, and 15 of Bengal Act V of 1870 are hereby repealed.

This repeal shall not affect the validity of anything done or suffered, or any right, title, obligation or liability accrued before the commencement of this Act.

Appointment and election of Commissioners

IV. There shall be thirteen Commissioners, of whom eight shall be appointed by the Lieutenant-Governor, and five shall be elected as follows:—

Four by the Bengal Chamber of Commerce, and one by the Calcutta Trades' Association, in such manner as shall from time to time be determined at a meeting of the said Chamber and of the said Association convened in accordance with the rules at the time in force in this behalf;

Two of the Commissioners shall be natives of India residing in the town or suburbs of Calcutta, or in Howrah.

In default of election, Lieutenant-Governor to appoint.

V. In the event of default being made by the Bengal Chamber of Commerce or the Calcutta Trades' Association in electing any Commissioner under the last preceding section within the period hereinafter prescribed in this behalf, it shall be lawful for the Lieutenant-Governor to appoint a person, and the person so appointed shall be deemed to be a Commissioner as if he had been elected by the Bengal Chamber of Commerce or the Calcutta Trades' Association, as the case may be.

Tenure of office.

VI. Every Commissioner shall, unless he becomes in the meantime disqualified under the next succeeding section, hold office for a term of two years; and any person on ceasing to be a Commissioner may, unless he has been disqualified, be re-appointed or re-elected. The Lieutenant-Governor may at any time accept the resignation of any Commissioner.

Disqualification for office of Commissioner.

VII. No person shall be qualified to be a Commissioner during such time as he—

(*a*) is an uncertificated bankrupt or insolvent, or

(*b*) holds any office or place of profit under the Commissioners, or

(*c*) has, directly or indirectly, any share or interest in any work done by order of the Commissioners, or in any contract or employment with, by, or on behalf of the Commissioners; and any Commissioner who

(*d*) becomes disqualified for any of the aforesaid reasons, or

(*e*) is absent from the meetings of the Commissioners for a period exceeding twelve consecutive months, or, without the permission of the Commissioners, from six consecutive meetings of the Commissioners, or

(*f*) is sentenced to imprisonment, shall cease to be a Commissioner, and his office shall thereupon become vacant:

Provided always that no Commissioner shall vacate his office by reason only of his—

(*g*) having a share in any joint stock company which shall contract with, or be employed by, or on behalf of, the Commissioners, or

(*h*) having a share or interest in any newspaper in which any advertisement relating to the affairs of the Commissioners may be inserted, or

(*i*) being interested in any loan of money to the Commissioners.

Casual vacancies.

VIII. Any casual vacancy in the office of a Commissioner occasioned by the death, resignation, or disqualification of such Commissioner shall be filled up within one month by the Lieutenant-Governor if the office vacated was that of a Commissioner appointed by the Lieutenant-Governor; or by the Bengal Chamber of Commerce, or the Calcutta Trades' Association, as the case may be, if it was that of an elected Commissioner, in the same manner and subject as far as may be to the same provisions as are applicable in the case of original appointments and elections of Commissioners: Provided that the Commissioner so appointed or elected shall retain his office so long only as the vacating Commissioner would have retained it if such vacancy had not occurred.

Chairman and Vice-Chairman.

IX. The Lieutenant-Governor may, from time to time, appoint one of the Commissioners to be Chairman and another of the Commissioners to be Vice-Chairman, and may cancel such appointments. Such Chairman and Vice-Chairman, respectively, shall receive such remuneration, if any, as the Lieutenant-Governor may from time to time determine.

Appointments and elections to be notified.

X. The names of all persons appointed or elected under sections 4, 5, and 8 shall be notified in the *Calcutta Gazette*.

Term of office.

XI. Subject to the provisions herein contained, the term of office of the Commissioners appointed and elected under this Act shall commence on such date as shall be notified by the Lieutenant-Governor, and they shall hold office up to, and inclusive of, the 31st of March next succeeding.

First election of Commissioners.

XII. The first election of Commissioners shall take place not later than a fortnight previous to the date which shall be notified by the Lieutenant-Governor under the last preceding section; in every other case the election of Commissioners shall take place on some day not earlier than the first and not later than the fifteenth of the month of March next preceding the 1st of April from which their term of office is to commence; and the Commissioners appointed by the Lieutenant-Governor shall be appointed on some day in the remainder of the said month of March.

Amendment of sections 5 and 12 of Act V (B. C.) of 1870.

XIII. In section 5 of Bengal Act V of 1870 the words "as hereinbefore provided" shall be omitted, and in section 5 and in section 12 after the word "appointed" shall be added the words "or elected," and after the word "appointment" in section 12 shall be added the words "or election," wherever the same occur.

Commissioners under Bengal Act V of 1870 continued

XIV. The Commissioners appointed under section 2 of Bengal Act V of 1870, as amended by Bengal Act VII of 1871 and Bengal Act I of 1881, shall, until Commissioners have been duly appointed and elected under this Act, continue to administer the powers and trusts created and declared by Bengal Act V of 1870, subject to the powers and authorities therein conferred on the Lieutenant-Governor.

STATEMENT OF OBJECTS AND REASONS.

THE Acts which govern the constitution of the Port Trusts of Bombay and Madras provide for the election of a certain proportion of the total number of Trustees. The Calcutta Port Improvement Act, 1870, contains no such provision; and under it all the Commissioners for the Port must be nominated by the Government. The Lieutenant-Governor has, however, in practice allowed the Chamber of Commerce and the Trades' Association to nominate successors to retiring Commissioners who were representative of those bodies. The object of this Bill is to confirm this privilege by law, and generally to recognize and affirm the elective principle in the constitution of the Calcutta Port Trust.

June, 10th	76	8vo dy	1st ...	612	Printed	0 6 0	Trailokya Nath Sányál, Circular Road, Calcutta.	It is the author's object in this drama to inculcate the view that true conjugal union means the perfect fusion of the husband and the wife into each other by combining the characteristic defects of their respective natures with their characteristic excellences, the consequent attainment by both of them of the dual nature of the Divine Being in whom *Purush* and *Prakriti* are combined, and their complete devotion to the service of God. A considerable portion of the dialogue in this book is of a religious nature, the author's standpoint being that of the Church of Keshab Chandra Sen.	5367

Aug., 15th	142	8vo ..	1st ...	1,000	Printed	1 4 0	Girijá Prasanna Rá'y a, '01, Cornwallis Street, Calcutta.	This is the first of a series of volumes in which the male and female characters introduced into Baboo Bankim Chandra Chatterji's novels, and the scope of those works, are proposed to be analysed and explained. The two novels *Krishna Kant's Will* and *Chandrasekhar* are reviewed in this volume.	5501
„ 6th	32	8vo dy	1st ...	500	ditto ..	0 2 0	Kali Chandra Lahiri, Bhawanipore.	The writer argues that the Hindus who visit England become morally unfit to perform their social and domestic duties and their duties to their ancestors, because by eating forbidden food they fail to acquire the cast of mind and body without which the practice of *Dharma* is impossible.	5502
Aug., 12th	24	12mo dy	1st ...	1,000	ditto ...	0 3 0	Swarna Kumari Debi, Ultadangi, Calcutta.	This is a reprint of a paper which first appeared in the Bengali periodical entitled *Bharati*, and in which the bringing together educated and uneducated Bengali women, and thus removing from their minds the prejudices social and domestic improvement. An association of this kind has, it is said, been already established, and the	5503

The writer compares English rule in India with the ancient Hindu and the later Mussulman rule, and considers the first to be in- the subject-races. The present degraded condition of Bengal is, however, owing as much to the weakness of independence, and religious indifferentism on the one hand, and bigotry on the other, are traits of the Bengali until they learn to hate foreign rule.	5505

July, 27th	24	12mo dy	1st ...	1,000	ditto ...	0 2 0	.....	A poor young man loves his wife Tarulata; but his wife, who is a rich man's daughter, not only does not love him, but slights him in a manner which is really unbearable. Her husband, however, loves her still, and patiently endures all the indignities to which she subjects him. At last her parents also begin to slight him, and he loses self-control. He leaves his wife, and is incensed against the sex in general. The gist of his complaint, however, is that matches between persons occupying unequal conditions in life cannot be attended with satisfactory results.	5521

July, 7th	78	12mo dy	1st ...	1,000	Printed	0 8 0	Umá Charan Das, Ranamati, Barisal.	Speaks of India as weeping and wailing for the loss of her ancient wealth, glory, heroism, and independence; blames Bengalis for their degenerate, outlandish, and effeminate manners; and condemns English rule and Englishmen in this country as the cause of a great deal of the misery which people here now suffer. The writer advocates Suttee and the institution of widowhood, and would like to see foreign domination brought to an end in India. CHOTA NAGPORE RURAL POLICE.

The HON. MR. ALLEN, in presenting the Report of the Select Committee on the Bill for the Regulation of the Rural Police in the Chota Nagpore Division,

said—The changes which we have made in the Bill are exceedingly small and the Report speaks for itself. As by the rules for the conduct of business in the Council it is necessary that the Report of the Select Committee should be placed in the hands of members for seven days before the Bill can be proceeded with any further, I have nothing further to say on the subject now.

CHITTAGONG PORT TRUST.

The Hon. Mr. Macaulay presented the Report of the Select Committee on the Bill to appoint Commissioners for the Port of Chittagong. He said:—We have not thought it necessary to make any alteration of moment in this Bill, and I shall only now direct attention to two of the amendments made by the Committee. Under section 5 of the Bill as it stood three out of nine Commissioners were to be elected by such "body, bodies, or firms engaged in commerce in the port as the Local Government may from time to time direct." Under instructions from the Government of India, we have made this direction of the Local Government subject to the previous sanction of the Governor-General in Council.

Next, section 14 of the Bill provides, in cases of acquisition of land for the purposes of the Port, for the payment only of the compensation awarded under the Act. It has been pointed out by the Government of India that there are other charges connected with these proceedings, such as stamps and lawyers' fees, and we have accordingly introduced provisions for regulating them. The Bill has been now before the public for three months, and we have not received any suggestions for its improvement or any objections to it. I therefore propose at the next meeting of the Council to move that the report be taken into consideration with a view to the settlement of the terms of the Bill.

STATEMENT OF THE COURSE OF BUSINESS.

His Honour the President said—The Council will now be adjourned to Saturday next, and on that day I hope we shall be able to take into consideration the Bill for the Regulation of the Rural Police in Chota Nagpore, and to pass it into law. We shall also proceed with the consideration of the Bill for the creation of a Port Trust in Chittagong. On next Saturday also the Hon. Mr. Macaulay will introduce the Bill for the amendment of the Calcutta Port Improvement Act, which I hope will be passed before the end of the Session. The only other Bill which remains is the large measure before the Select Committee for the consolidation and amendment of the Municipal Law in Calcutta and the Suburbs I understand from my friend Sir Henry Harrison that the Report of the Select Committee will be placed before the Council before the close of the present Session, and it will then be laid on the table and published with a view to the final consideration of the Bill at the commencement of the next Session of the Council in November next.

LIBERALITY OF SRIMOTI SOBHA KUMARI THAKURANI, A ZEMINDAR OF MOUZAH GARTOPA IN MANBHOOM.

No. 1360, dated Calcutta, the 21st March 1887.

From—R. H. WILSON, Esq., Offg. Secretary to the Government of Bengal, Municipal Department,

To—The Commissioner of the Chota Nagpore Division.

I AM directed to acknowledge the receipt of your memorandum No. 851J, dated the 6th instant, with which you submit a copy of the papers* mentioned in the margin regarding the free gift, by Srimoti Sobha Kumari Thakurani, a zemindar of mouzah Gartopa, in Manbhoom, for the support of the charitable dispensary at Govindpore in commemoration of Her Majesty's Jubilee. The dispensary, it is stated, is a very useful institution, but the subscriptions for its maintenance have been hitherto small and irregularly paid. The gift in question will ensure a permanent income of at least Rs. 20 a month in support of the dispensary, as the present value of the mouzah is about Rs. 3,600, and the rental is said to be capable of increase.

* 1. Letter from the Deputy Commissioner of Manbhoom, dated the 21st February 1887.
2. An English translation of a deed of gift dated the 7th February 1887, executed by Srimoti Sobha Kumari Thakurani.

2. In reply, I am directed to request that you will be good enough to convey to the donor the Lieutenant-Governor's thanks for the liberality and public spirit displayed by her. I am to add that this letter will be published in the *Calcutta Gazette*.

LIBERALITY OF SRIMOTI BINDU BASHINI CHOWDHURANI OF SONTOSH IN THE DISTRICT OF MYMENSINGH.

No. 1357, dated Calcutta, the 21st March 1887.

From—R. H. WILSON, Esq., Offg. Secretary to the Government of Bengal, Municipal Department.

To—The Commissioner of the Dacca Division.

I AM directed to acknowledge the receipt of your letter No. 391J, dated the 7th instant, in which you report that Srimoti Bindu Bashini Chowdhurani of Sontosh, in the district of Mymensingh, has given a sum of Rs. 8,000 for the erection of a masonry building for the Tangail Dispensary which was founded by her late husband Babu Dwarka Nath Chowdhuri. You state further that the foundation stone of the building was laid on the 16th ultimo, the day fixed for the celebration of Her Majesty's Jubilee, and that the lady has requested that the dispensary may be called the "Dwarka Nath Jubilee Dispensary."

2. In reply, I am directed to request that you will be good enough to convey to Srimoti Bindu Bashini Chowdhurani the thanks of the Lieutenant-Governor for her liberality and public spirit. The Lieutenant-Governor accepts the proposal to name the dispensary as the "Dwarka Nath Jubilee Dispensary." I am to add that this letter will be published in the *Calcutta Gazette*.

Explanation.—Summary.—The normal means of air pressure and temperature are the arithmetical averages or means of the reading during the same period for the past ten years. The humidity of the atmosphere is expressed as a percentage, saturated air being represented by 100. A clear sky is denoted by 0 and an overcast sky by 10. The number against the district is the average of the rainfall in that district determined from the returns sent in by the sub divisional stations for the period in question during the past 15 years. The number of the district showing in returns divided by the number of stations. A rainy day is one on which at least hundredth of an inch fell.

* Mean for 6 days.

CALCUTTA, *the* 18*th March* 1887.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING FRIDAY, THE 18TH OF MARCH 1887.

THE barometer at the end of the preceding week was unusually low, and strong south-west humid winds were blowing across the Bengal coast into South and East Bengal. Temperature was high and considerably above the average over the greater part of the province, and the air unusually damp. These conditions gave rise to a disturbed state of the atmosphere, which, as is usual in the hot weather months, was shown by the occurrence of a series of thunder-storms accompanied with more or less heavy rain over the greater part of the province. They began in Eastern Bengal on Saturday, and extended to North Bengal and North Behar on Sunday, but the rainfall on these two days was comparatively small in amount. The barometer had risen steadily during this period (*i.e.* from Saturday to Monday morning), but a rapid fall occurred during the next 24 hours, which varied very considerably in amount in different parts of the province, as is usually the case during disturbed weather in the hot weather months. Thunder-storms occurred on Monday evening over the greater part of East Bengal, North Bengal, the central and northern districts of South-West Bengal, and in Behar. Rainfalls varying from one to two inches were received at a large number of stations. The Moorshedabad district, for example, received an average of one and a half inches and the Rajshahye district of one inch. These were the centres of heaviest rainfall of the 14th. The barometer began to rise on the morning of the 15th. Thunder-storms occurred on the evening of that day in Orissa, South-West Bengal, and in some parts of East Bengal; but the rainfall was much smaller in amount than on the 14th and more local and variable in its distribution. The disturbance terminated on the 16th with a small series of thunder-storms giving moderate rain in the south-eastern districts of East Bengal. On the 15th and 16th winds began to change in character. Westerly dry winds recommenced in Behar and gradually extended eastwards over Bengal. Hence the air became gradually drier, and the night temperature was considerably reduced. At the end of the week, fine clear dry weather with comparatively low night temperatures prevailed throughout the province.

The barometer rose gradually on the 12th and 13th. A rapid fall varying from ·07″ to ·13″ in amount occurred during the 24 hours preceding 10 A M of the 15th. The barometer then rose gradually and stood at the same height at the end of the week as on the 14th before the rapid fall which accompanied the series of thunder-storms which occurred in almost every part of the province on the evening of that day. The variations of the mean pressure of the week from the normal mean differ considerably in different parts of the province. Pressure was slightly in excess in East and Central Bengal, and in defect elsewhere. The deficiency was greatest at Darjeeling (·05″), Gya (·04″) and Calcutta (·03″).

Temperature—Was unusually high at the commencement of the week. The excess was most marked in the night temperatures, which at some stations were as much as 6° to 10° above the normal. A rapid decrease of temperature occurred on the 16th and 18th which was coincident with an equally rapid decrease of the humidity of the air. Thus at Dinagepore the minimum temperature on the 14th was 68·1°, and on the 18th 56·7°; at Rungpore 69·1° on the 15th and 51·9° on the 18th; and at Motihari 67° on the 13th, and 52·6° on the 18th. The decrease was much less in the coast districts. The mean maximum temperature of the week was from 1° to 3° below the average at the great majority of stations, and the mean minimum temperature, from 1° to 4° above the normal. The mean temperature of the week was 1½° in excess in Chutia Nagpur, 1° in South-West Bengal, and 1° in defect in East Bengal. In the other divisions the mean temperature of the week was approximately normal, although the variations of temperature were unusually large. The following table gives temperature data for eight representative stations:—

The rainfall of the week was considerably above the average. Showers, local in character, were received in East and North Bengal and North Behar on the 12th and 13th·

Thunderstorms with moderate to heavy rain occurred in nearly every district on the 14th. Orissa, South-West Bengal and portions of East Bengal received light to moderate showers on the 15th, and East Bengal only on the 16th. The Pubna district received an average rainfall during the week of 2·08 inches, Moorshedabad an average of 1·51 inches, and Rajshahye, Commillah, and Dacca, average amounts slightly exceeding one inch. These districts hence represent the areas of greatest disturbance during the week. East Bengal received an average of ·68 inch, North Bengal ·54 inch, South-West Bengal ·47 inch, South Behar ·34 inch, and Orissa ·37 inch. In these divisions the average rainfall was from two to four-tenths in excess of the normal average. In Chutia Nagpur and North Behar the rainfall was less than a tenth of an inch and practically nil.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Friday, the 18th of March 1887:—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

MEMORANDUM.

THE principal Municipalities in Bengal returned, during the week ending 5th March 1887, the birth and death-rates of 18·5 and 23·8 per 1,000 of population, respectively, as opposed to 20·3 and 25·9 per 1,000 in the preceding week ending 26th February, indicating a retrogression in the registration of both births and deaths.

2. These events were returned in the highest proportions by the following Municipalities :—

Births.	Ratio per *mille.*	*Deaths.*	Ratio per *mille.*
Comillah	96·3	Comillah	57·7
Durbhanga	40·1	Suburbs of Calcutta	46·7
Beauleah	36·8	Gya	45·8
		Beauleah	44·6
		Naraingunge	33·1

3. Referring to the specific diseases, there was a sensible abatement in the mortality from the maladies returned under the head of "Other Causes"; but the fatal results from the other diseases exhibited very small reductions, excepting cholera and small-pox, the death-rates from the former being stationary, and the latter causing deaths in the Serampore, Chupra, Monghyr and Patna Municipalities, after being absent from *all* the Municipalities for weeks past :—

	Ratio per *mille* during the weeks ending—	
	5th March 1887.	26th February 1887.
Cholera	4·3	4·2
Small-pox	2	...
Fever	9·0	9·4
Bowel-complaints	3·6	4·0
Injury	·4	·5
Other causes	6·3	7·8

4. Of the abovementioned diseases, cholera, fever and "Other causes" proved conspicuously fatal to life in the following Municipalities, the other diseases exhibiting no special local severity :—

Cholera.	Ratio per *mille.*	*Fever.*	Ratio per *mille.*	*Other causes.*	Ratio per *mille.*

* A special census of the Europeans in the Darjiling Municipality was recently taken, as the census of this section of the community, taken in February 1881, was not reliable owing to the Europeans being at a minimum in that month. The number of the natives remains as before, as it was not necessary to re-census them. The ratios have consequently been calculated on the revised population under all heads in the above table, except "*Age*," the ratios under which have been omitted, inasmuch as the census of the Europeans are alluded to, cannot be employed as a basis of calculation owing to the results of the census under this head not having been recorded under the authorised form of age classification.

REASONS FOR INCREASE AND DECREASE.

INCREASES

In coal and coke are owing to increased requirements of the Locomotive Department and the public.

In betel-nuts, cotton, cotton manufactured, jute, hides, metals and manufactures, provisions, salt, wood and firewood, and miscellaneous are owing to public appreciation of facilities afforded by railway route as compared with that by boats.

DECREASES

In grain and pulse and rice are owing to these descriptions of traffic being carried on by boats which are more convenient to grain merchants, as they have godowns on the riverside.

In railway material are owing to less demands of the Engineering and Locomotive Departments.

GENERAL REMARKS AND EXPLANATIONS.

The total weight of traffic carried during the month under review stands at 27,376·66 tons against 24,380·58 tons carried during the corresponding period of 1885, the net increase being 2,996·08 tons or 12·29 per cent.

INCREASES.

Cotton piece-goods ... ... 460·57 tons.
With the appr ach of the cold weather demand from the local markets set in.

Ginger . . .. 8·37 tons.
There has been a steady increase under this head for some months past due to a good crop and fair demand for export.

Gunny bags ... ... 394·03 tons.
The increase represents 55 per cent due, it is believed, to fair prices that ruled during the month.

Grain and pulses ... ... 118·11 tons.
Due to increased despatches from Sara, Naltore, and Madhnagar.

Intoxicating drugs ... ... 4·31 tons.
The increase is expected in the face of the falling off during last month.

Jute ... ... 4,006·14 tons.
There have been increased despatches of this staple from Haldibari, Domar, Nelphamari, Daroani, Rungpore and Kaunia during the month under notice due to a fairly good demand in Calcutta.

Liquor ... ... 43·93 tons.
The increase seems to be a trade fluctuation and is likely to be met by a falling off later on.

Miscellaneous ... ... 70·24 tons.
The traffic under this head comprises so many different commodities that it is difficult to give any definite explanation of an increase or decrease. There was falling off of 102·42 tons last month, and the present increase is to a certain extent attributable to this fact.

Oil ... . 17·56 tons
This increase more than covers the falling off during last month.

Rice ... ... 550·28 tons.
The remarks made under this head in October last hold good in the present instance also.

Sugar .. .. 22·10 tons.
The increase is not large enough to need any special notice.

Twist .. .. 29·35 tons.
There was increased demand for this article in the local markets.

Tea ... ... 223·25 tons
There was it appears, from the Chamber of Commerce price current, a brisk demand for all teas with strength and quality, and these descriptions sold readily at full rates

Timber . . .. 68·41 tons.
A large quantity of sal ballies was despatched during the month from Siliguri and Shikarpur.

DECREASES.

Coal ... ... 1,276·08 tons.
A large quantity of locomotive coal passed over the line during the last month to which the present decrease is attributable.

Cotton ... ... 27 22 tons
The demand for this article fell off during the month.

Hides ... ... 2·86 tons.
The decrease is small and needs no explanation.

Metals ... ... 119 33 tons.
The traffic under this head shows a falling off of 34 per cent.

Paddy ... ... 1,121 42 tons.
The remark made under this head in last month's report also applies to this month.

Railway material ... . 168·84 tons.
The increased despatches during last month will explain the present falling off.

Salt .. .. 4·78 tons.
The decrease is small and needs no remarks.

Seed ... ... 90·76 tons.

Proposed Light at Seven Pagodas.

THE Port Officer of Madras has notified as follows :—

A fourth order dioptric red fixed light will be exhibited at the Seven Pagodas on the 15th May next from a small gray turret, erected on a rock (marked on chart "Ruined Pagoda on rock very conspicuous") distant about half mile inland in latitude 12° 37′N.; longitude 80° 11′E., and its height above mean sea-level will be 119 feet.

Its range of visibility is 17 miles, but being a red light it will probably not be seen more than 10 miles.

The light is intended to warn mariners of the dangerous outlying patches of rock composing the Tripolore Reef, to avoid which, vessels navigating between Sadras and Covelong must not come within 13 fathoms.

NOTIFICATION.

The 19th March 1887.—In accordance with the provisions of section 18, sub-section (1), of the Indian Explosives Act, No. IV of 1884, and with the directions contained in Home Department Notification No. 1437 of the 14th August 1885, the Lieutenant-Governor is pleased to publish for general information the following draft of rules to regulate the manufacture, possession, and sale of explosives, which he proposes to make under the above Act.

The draft will be taken into consideration on the expiry of one month from the original date of this notification.

F. B. PEACOCK,
Chief Secy. to the Govt. of Bengal.

DRAFT.

DRAFT RULES UNDER THE EXPLOSIVES ACT, 1884.

PRELIMINARY.

1. FOR the purposes of these rules, explosives shall be classified as follows, namely :—

Class	1	... Gunpowder.
,,	2	... Nitrate-mixture.
,,	3	... Nitro-compound.
,,	4	... Chlorate-mixture.
,,	5	... Fulminate.
,,	6	... Ammunition.
,,	7	... Firework.

And when an explosive falls within the description of more than one class, it shall be deemed to belong exclusively to the latest of the classes within the description of which it falls.

CLASS 1.—*Gunpowder Class.*

The term "gunpowder" means exclusively gunpowder ordinarily so called.

CLASS 2.—*Nitrate-mixture Class.*

The term "nitrate-mixture" means any preparation, other than gunpowder ordinarily so called, formed by the mechanical mixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance.

The nitrate-mixture class comprises such explosives as—

Pyrolithe,
Pudrolithe,
Poudre saxifragine,

and any preparation coming within the above definition.

CLASS 3.—*Nitro-compound Class.*

The term "nitro-compound" means any chemical compound possessed of explosive properties, or capable of combining with metals to form an explosive compound, which is produced by the chemical action of nitric acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid upon any carbonaceous substance, whether such compound is mechanically mixed with other substances or not.

The nitro-compound class has two divisions.

Division 1 comprises such explosives as—

Nitro-glycerine,	Dualine,
Dynamite,	Glyoxiline,
Lithofracteur,	Methylic nitrate,

and any chemical compound or mechanically mixed preparation which consists either wholly or partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as—

Gun-cotton, ordinarily so called,	Cotton gunpowder,
Gun-paper,	Schultz's powder,
Xyloidine,	Nitro-mannite,
Gun-sawdust,	Picrates,
Nitrated gun-cotton,	Picric powder,

and any nitro-compound as before defined, which is not comprised in the first division.

CLASS 4.—*Chlorate-mixture Class.*

The term "chlorate-mixture" means any explosive containing a chlorate.

The chlorate-mixture class has two divisions.

Division 1 comprises such explosives as—

Horsley's blasting powder,	Brain's blasting powder,

and any chlorate preparation which consists partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as—

Horsley's original blasting powder,	Reichen's blasting charges,
Erhardt's powder,	Teutonite,
Reverley's powder,	Chlorated gun-cotton,
Hochstadter's blasting charges,	

and any chlorate-mixture as before defined, which is not comprised in the first division.

CLASS 5.—*Fulminate Class.*

The term "fulminate" means any chemical compound or mechanical mixture, whether included in the foregoing classes or not, which, from its great susceptibility to detonation, is suitable for employment in percussion caps or any other appliances for developing detonation, or which, from its extreme sensibility to explosion, and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes), is especially dangerous.

This class consists of two divisions.

Division 1 comprises such compounds as the fulminates of silver and of mercury, and preparations of these substances, such as are used in percussion caps, and any preparation consisting of a mixture of a chlorate with phosphorous, or certain descriptions of phosphorous compounds, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur, or with a sulphuret, with or without carbonaceous matter.

Division 2 comprises such substances as the chloride and the iodide of nitrogen, fulminating gold and silver, diazobenzol, and the nitrate of diazobenzol.

CLASS 6.—*Ammunition Class.*

The term "ammunition" means an explosive of any of the foregoing classes when, enclosed in any case or contrivance, or otherwise adapted or prepared so as to form a cartridge or charge for small arms, cannon, or any other weapon, or for blasting, or to form any safety or other fuze for blasting or for shells, or to form any tube for firing explosives or to form a percussion cap, a detonator, a fog signal, a shell, a torpedo, a war rocket, or other contrivance other than a firework

The term "percussion cap" does not include a detonator.

The term "detonator" means a capsule or case which is of such strength and construction, and contains an explosive of the fulminate-explosive class in such quantity that the explosion of one capsule or case will communicate the explosion to other like capsules or cases.

The term "safety fuze" means a fuze for blasting which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction and contains an explosive in such quantity that the burning of such fuze will not communicate laterally with other like fuzes.

The expression "safety cartridges" means cartridges for small arms of which the case can be extracted from the small arm after firing, and which are so closed as to prevent any explosion in one cartridge being communicated to other cartridges.

The ammunition class has three divisions.

Division 1 comprises exclusively—

Safety cartridges.
Safety fuzes for blasting.
Railway fog signals.
Percussion caps.

Division 2 comprises any ammunition as before defined which does not contain its own means of ignition, and is not included in Division 1, such as—

Cartridges for small-arms, which are not safety cartridges,
Cartridges and charges for cannon, shells, mines, blasting, or other like purposes,
Shells and torpedoes containing any explosive,
Fuzes for blasting, which are not safety fuzes,
Fuzes for shells,
Tubes for firing explosives,
War rockets,

which do not contain their own means of ignition.

Division 3 comprises any ammunition as before defined which contains its own means of ignition, and is not included in division 1, such as—

Detonators,
Cartridges for small-arms, which are not safety cartridges,
Fuzes for blasting, which are not safety fuzes,
Fuzes for shells,
Tubes for firing explosives,

which do contain their own means of ignition.

By ammunition containing its own means of ignition is meant ammunition having an arrangement, whether attached to it or forming part of it, which is adapted to explode or fire the same by friction or percussion.

CLASS 7.—*Firework Class.*

The term "firework" comprisesfirework composition and manufactured fireworks.

Division 1.—The term "firework composition" means any chemical compound or mechanically mixed preparation of an explosive or inflammable nature which is used for the purpose of making manufactured fireworks, and is not included in the former classes of explosives, and also any coloured fire composition.

Division 2.—The term "manufactured firework" means any explosive of the foregoing classes and any firework composition, when such explosive or composition is enclosed in any case or contrivance, or is otherwise manufactured so as to form a squib, cracker, serpent, rocket (other than a war-rocket), maroon, star, lance, wheel, Chinese fire, Roman candle, or other article adapted for the production of pyrotechnic effects or pyrotechnic signals.

MANUFACTURE, POSSESSION, AND SALE.

(*a*) *General Rules.*

2. An explosive shall not be manufactured except under and in accordance with the conditions of a license to manufacture the explosive granted under these rules.

Nothing in this rule shall apply—

(*a*) to the making of a small quantity of an explosive for the purpose of chemical experiment, and not for practical use or for sale; or

(*b*) to the filling for private use and not for sale of any safety cartridges to the amount allowed by these rules to be possessed for private use.

3. If any person manufactures an explosive in contravention of rule 2, he shall be punished with fine which may extend to three thousand rupees.

4. An explosive shall not be possessed except under and in accordance with the conditions of a license to possess the explosive granted under these rules:

Provided that this rule shall not apply—

(1) to a person possessing for his private use and not for sale—

(*a*) gunpowder to an amount not exceeding on the same premises 30lbs., or in lieu of the said quantity of gunpowder 15lbs. of any other explosive, or in lieu of any less amount of gunpowder not so possessed, half that amount of other explosive; or

(*b*) gunpowder contained in safety cartridges to an amount not exceeding 150lbs., or in lieu thereof 150lbs. of any explosive contained in ammunition of the 1st division of class 6, or in lieu of any less amount of gunpowder not so possessed, that amount of any explosive so contained:

Exception.—Nothing in the foregoing portion of the proviso to this rule shall be held to authorise the possession for private use—

(*a*) of any explosive of the 5th (fulminate) class; or

(*b*) of any explosive whereof the possession has been prohibited absolutely by notification under section 6 of the Act; or

(*c*) where the possession of an explosive has by notification under that section been prohibited subject to conditions, of any such explosive except subject to those conditions.

(2) to the possession of an unlimited quantity of fireworks, if obtained and intended for immediate use and not for sale, and if kept for a period not exceeding 14 days in a safe and suitable place, and with all due precautions for the public safety:

(3) to the possession of any explosive by a person licensed to manufacture the explosive:

(4) to the possession of any explosive by a carrier or other person for the purpose of transport when the same is being kept or transported in accordance with the provisions of the rules made under the Act with respect to the transport of such explosive; or

(5) to the possession of any gunpowder, rockets or other explosive on board any ship in pursuance of the provisions of the Merchant Shipping Acts, or any order or regulation under those Acts.

5. If any person possesses an explosive in contravention of rule 4, he shall be punished with fine which may extend to one thousand rupees.

6. An explosive shall not be sold except under and in accordance with the conditions of a license to sell the explosive granted under these rules:

Provided that this rule shall not apply to any person selling any explosive which for his own private use he lawfully possesses to any person who is not legally prohibited from possessing the same.

7. If any person sells an explosive in contravention of rule 6, he shall be punished with fine which may extend to five hundred rupees.

(*b*) *Licensing of the manufacture, possession, and sale of gunpowder and certain explosives.*

8. Licenses to manufacture, possess, and sell, or to possess and sell or to possess an explosive of the 1st (gunpowder) class or of the 1st division of the 6th (ammunition) class or of the 7th (firework) class to such total amount during the currency of the license, and in such places as shall be approved by the licensing officer, may be granted in a Presidency town and its suburbs by the Commissioner of Police, and elsewhere by the District Magistrate.

Provided that nothing in any such license shall be deemed to entitle the license-holder to keep at the same time in the place to which the license applies more than 200lbs. of

gunpowder, 500lbs. of explosive contained in ammunition of the 1st division of the 6th (ammunition) class, and 200lbs. of fireworks, or any such less quantity of any of these explosives as the licensing officer may direct in this behalf.

9. The following fees shall be paid for every license granted under the last foregoing rule, namely —

(1) a fee of twenty rupees for every license to manufacture, possess, and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity;

(2) a fee of ten rupees for every license to manufacture, possess, and sell half the quantity of explosive mentioned in the preceding rule, or any less quantity;

(3) a fee of five rupees for every license to manufacture, possess, and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity;

(4) a fee of ten rupees to possess and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity;

(5) a fee of five rupees to possess and sell half the quantity of explosive mentioned in the preceding rule, or any less quantity;

(6) a fee of two rupees eight annas to possess and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity; and

(7) a fee of eight annas for every license to possess explosive.

10. Every license granted under rule 8 shall be in Form A, B, or C in the schedule hereto annexed, as the case may be, and shall be subject to the conditions prescribed therein.

11. If any person commits a breach of any condition subject to which a license under rule 8 is granted, he shall be punished with fine which may extend to five hundred rupees.

(*c*) *Licensing of the manufacture of other explosives.*

12. Licenses to manufacture explosives other than those referred to in rule 8 shall be granted by the Governor-General in Council on payment of such fees in such form for such term and subject to such conditions as the Governor-General in Council may in each case prescribe: provided that the Governor-General in Council shall, in the case of any such license, prescribe all the conditions which are hereinafter prescribed for licenses to possess an explosive of the same description and quantity as the manufacturing license is to cover.

13. If any person commits a breach of any condition subject to which a license under rule 12 is granted, he shall be punished with fine which may extend to three thousand rupees.

(*d*) *Licensing of the possession of small quantities of other explosives.*

14. Licenses for the possession at such places as shall be approved by the licensing officer of explosives other than those specified in rule 8 shall, if the explosive is not one of the 5th (fulminate) class, and if the quantity to be possessed at the same time does not exceed 60lbs., be granted in a presidency town and its suburbs by the Commissioner of Police, and elsewhere by the District Magistrate.

15. Every license granted under rule 14 shall be in Form D in the schedule hereto annexed, and shall be subject to the conditions prescribed therein. A fee of five rupees shall be paid for every such license.

16. If any person commits a breach of any condition subject to which a license under rule 14 is granted, he shall be punished with fine which may extend to one thousand rupees.

(*e*) *Licensing of the possession of explosives generally.*

17. Licenses for the possession of explosives other than those which may be issued under rules 8 and 14 shall, if the explosive is not one of the 5th (fulminate) class, be granted by the Local Government in accordance with the following procedure:—

(1) The applicant shall submit to the District Magistrate, or, in a presidency town and its suburbs, to the Commissioner of Police, an application in writing accompanied by a plan (drawn to scale) of the place in which it is proposed to keep the explosive (herein referred to as the magazine) and the site thereof.

(2) The application shall specify such of the following matters as are applicable, namely—

(*a*) the boundaries of the land forming the site of the magazine, and either any belt of land surrounding the site which is to be kept clear, and the buildings and works from which it is to be kept clear, or the distances to be maintained between the magazine, or any part thereof, and other buildings and works;

(*b*) the situation, character, and construction of all the mounds, buildings, and works on or connected with the magazine, and the distances thereof from each other;

(*c*) the amount of explosive and of ingredients thereof wholly or partly mixed to be allowed at the same time within the boundaries of the magazine; and

(*d*) any especial terms which the applicant may propose by reason of any special circumstances arising from the locality, the situation, or construction of any buildings or works, or the nature of any process or otherwise.

(3) Upon receipt of the said application—

(*a*) The District Magistrate or Commissioner of Police, as the case may be, shall thereupon cause notice to be published of the application, and fix a date on which any persons shall be heard objecting to the establishment of a magazine on the proposed site who have not less than seven clear days before the day of hearing sent to the said District Magistrate or Commissioner of Police, and to the applicant notice of their intention to appear and object with their name, address, and calling, and a short statement of the grounds of their objection.

(*b*) Where the site of the proposed magazine is situate within, or within one mile of, the limits of the jurisdiction of any municipality or of any Port authority, the applicant shall serve on such authority notice of the application and of the date of hearing by the District Magistrate or Commissioner of Police.

(*c*) The said notices shall be published and served at the cost of the applicant by the District Magistrate or Commissioner of Police not less than one month before the date of hearing.

(*d*) The District Magistrate or Commissioner of Police shall fix the date of hearing as soon as practicable after application is made to him, and the time so fixed shall be as soon as practicable after the expiration of the said month from the publication and service of the notices by the applicant.

(*e*) On consideration of the application, and on making such enquiry as may be deemed necessary, the District Magistrate or Commissioner of Police may dissent altogether from the establishment of such new magazine on the proposed site, or assent thereto, either absolutely, or on any conditions requiring additional restrictions or precautions.

(*f*) On the completion of the enquiry, the District Magistrate or Commissioner of Police shall forward the application with his recommendation to the Local Government. The Local Government may thereupon either grant the license applied for either in accordance with the recommendation of the District Magistrate or Commissioner of Police, or with the addition of any additional restrictions and precautions as may be deemed proper, or the Local Government may refuse such license.

(*g*) If the Local Government grant a license, it shall forward the same to the District Magistrate or Commissioner of Police, who, when satisfied that the magazine is sufficiently completed according to the license to justify the use thereof, shall confirm the license; but until so confirmed the license shall not come into force.

18. A fee of 20 rupees shall be paid for every license granted under rule 17.

19. Every license granted under rule 17 shall be in Form E in the Schedule hereto annexed, and shall be subject to the conditions prescribed therein.

20. If any person commits a breach of any conditions subject to which a license under rule 17 is granted, he shall be punished with fine, which may extend to one thousand rupees.

21. Licenses for the possession of explosives of the 5th (fulminate) class shall be granted by the Governor-General in Council on payment of such fees and in such form and subject to such conditions as he may in each case prescribe.

22. If any person commits a breach of any condition subject to which a license is granted under rule 21, he shall be punished with fine, which may extend to one thousand rupees.

(*c*) *Licensing of the sale of other explosives.*

23. Licenses for the sale of explosives other than those referred to in rule 8 may be granted in a Presidency town and its suburbs by the Commissioner of Police, and elsewhere by the District Magistrate, to any person licensed to possess the same.

24. A fee of five rupees shall be paid for every license granted under rule 23.

25. Every license granted under rule 23 shall be in Form F in the schedule hereto annexed, and shall be subject to the conditions therein prescribed.

26. If any person commits a breach of any condition subject to which a license under rule 23 is granted, he shall be punished with fine, which may extend to five hundred rupees.

(*f*) *Supplementary.*

27. The District Magistrate, or any Subordinate Magistrate deputed in that behalf by the District Magistrate, or, in a Presidency town and its suburbs, the Commissioner of Police, or any Police Officer not below the rank of Inspector, deputed in that behalf by the District Magistrate or Commissioner of Police, may enter and inspect and examine any place in which an explosive is manufactured, possessed, or sold by a person licensed in this behalf under these rules.

28. A person licensed to possess an explosive shall not be required to take out a license for the manufacture of the explosive by reason that in a room or workshop in connection with the magazine, or place in which he is licensed to possess the explosive, he, by filling

cartridges, making charges, drying, sifting, fitting or otherwise, adapts or prepares the explosive for the keeping of which he is licensed, for use, sale or otherwise : provided that he observes the following rules :—

(1) There shall not be in the workshop in which such filling, adaptation or preparation is carried on more than 50lb. of gunpowder, or in lieu of such gunpowder or of a less amount thereof, not so present, half that amount of other explosive.

(2) Any work unconnected with such filling, adaptation or preparation shall not be carried on in the said room or workshop while such filling, adaptation or preparation is being carried on.

(3) The said room or workshop shall be detached from the magazine or place in which the licensee is licensed to possess the explosive and at a safe distance therefrom.

(4) An explosive of one description shall not be converted into an explosive of another description, and shall not be unmade or resolved into its ingredients.

D.—GENERAL.

29. Every license granted under these rules shall be liable to be forfeited on breach on any of the conditions subject to which it is granted.

30. If a person licensed to manufacture, possess, or sell an explosive dies or becomes bankrupt, or becomes mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Act or the rules made thereunder for carrying on the business or acting under the license during such reasonable time as may be necessary to allow him to make an application to the authority granting the license for a new license in his own name during the currency of the unexpired portion of the original license. Such new license shall be granted on the payment of one rupee.

31. The fees leviable under these rules shall be taken in the shape of "impressed stamps." Applications for licenses or renewals of licenses shall, if not otherwise provided, be written on plain paper, the licenses themselves being issued on "impressed stamps" of value equal to the amount of fee leviable in respect of such licenses or renewals.

32. All licenses, except licenses to manufacture an explosive under rule 12, or to possess explosive of the 5th (fulminate) class under rule 21, shall expire on the 31ts December of the year for which they are granted. Licenses granted under rules 12, 21 shall be current for the term therein specified. But the currency of a license may, unless the circumstances have so changed that the grant of a new license would either not be authorised under the Act and rules or is deemed objectionable by the licensing authorities, on application previous to its expiration, be renewed, on payment of the original fee.

33. When a license granted in accordance with these rules is lost, or accidentally destroyed, duplicate may be granted to the licensee, on payment of a fee of 8 annas.

34. Any person holding a license, or acting under a license, granted in accordance with these rules, shall be bound to produce the same when called upon to do so by any Magistrate or by any Police Officer in charge of a police-station, or by any Police Officer of higher rank.

35. All Magistrates or other authorities acting under these rules will perform their duties subject to the control of their executive superiors and of the Local Government.

36. Any authority empowered to grant a license under the foregoing rules may, if he thinks fit, direct by an order written on the license that it shall have the effect of a like license under the Indian Arms Act, 1878.

37. Any persons lawfully entitled under the Indian Arms Act, 1878, or the rules made thereunder, to possess any explosive coming under the head of ammunition as defined in that Act may possess, without license under these rules, any such explosive in reasonable quantities for his own private use.

Conditions:

1. This license is given subject to the provisions of "The Indian Explosives Act, 1884," and the rules framed thereunder.

2. There shall not be at the same time in the magazine an amount of explosive exceeding the amount specified in the license.

3. The magazine shall be used only for the keeping of the explosive or explosives specified in the license, and of receptacles for, or tools or implements for, work connected with the keeping of such explosive or explosives.

4. The interior of the magazine and the benches, shelves and fittings therein, shall be so constructed or so lined or covered as to prevent the exposure of any iron or steel, and the detaching of any grit, iron, steel, or similar substances in such manner as to come into contact with the explosive, and such interior, benches, shelves, and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean ; and in the case of any explosive being possessed which is liable to be dangerously affected by water, due precautions shall be taken to exclude water therefrom.

5. The magazine shall have attached thereto a sufficient lightning conductor.

6. Before repairs are done to or in any part of a room or magazine, it shall, as far as is practicable, be cleaned by the removal of all explosive or mixed ingredients thereof, and the thorough washing out of such room or part ; and after such cleaning, these conditions shall cease to apply to explosive until such room or part of the magazine is again taken into it.

7. Except after such cleaning, all tools and implements used in or in any repairs to any part of the magazine shall be made only of wood, copper, or brass, or some soft metal or material, or shall be covered with some safe and suitable material.

8. Due provision shall be made by the use of suitable working clothes without pockets, suitable shoes, searching and otherwise, or by some such means for preventing the introduction into the magazine of fire, lucifer matches, or any substance or article likely to cause explosion or fire, or any iron, steel or grit ; but this rule shall not prevent the introduction of an artificial light of such construction, position, or character as not to cause any danger of fire or explosion.

9. No person shall smoke in any part of the magazine.

10. Any person under the age of 16 years shall not be employed in or enter the magazine except in the presence and under the supervision of some grown-up person.

11. Two or more descriptions of explosive which may lawfully be possessed in a licensed magazine may be possessed in the same magazine, provided they are separated from each other by an intervening partition of such substance and character or by such intervening space as will effectually prevent explosion or fire in the one communicating with the other, subject to the following qualifications :—

(*a*) The various explosives of classes 1 (gunpowder), 2 (nitrate-mixture), 3 (nitro-compound), and 4 (chlorate-mixture), safety fuze belonging to the 1st division of class 6 (ammunition), and such of the various explosives of the 2nd division of class 6 (ammunition) as do not contain any exposed iron or steel, may be kept with each other without any intervening partition or space.

(*b*) The various explosives of the first division of class 6 (ammunition) may be kept with each other without any intervening partition or space.

(*c*) Such of the various explosives of the 2nd division of class 6 (ammunition) as contain any exposed iron or steel may be kept with each other without any intervening partition or space.

(*d*) The various explosives of the 3rd division of class 6 (ammunition) may be kept with each other without any intervening partition or space.

(*e*) The various explosives of class 7 (fire-work) may be kept with each other without any intervening partition or space.

Except as aforesaid, two or more descriptions of explosives may not be kept in the same magazine.

12. The licensee and every person employed in or about the magazine shall take all due precaution for the prevention of accidents by fire or explosion in the same, and for preventing unauthorized persons having access to the magazine or to the explosive therein, and shall abstain from any act whatever which tends to cause fire or explosion, and is not reasonably necessary for the purpose of the work in such magazine.

NOTICE.

IT is hereby notified, for general information, that subscriptions to the complete series of the Indian Law Reports should be registered during the first three months of each calendar year. Subscribers are therefore requested to send in their subscriptions for the complete series before the 31st March in each year. Those who register their names after that date will understand that copies will be supplied only if available.

H. A. D. PHILLIPS,
Under-Secy. to the Govt of Bengal.

The 24th November 1886.

The following revised advertisement is published in substitution of that which appeared at page 1084, Part II of the *Calcutta Gazette* of the 9th July 1884:—

The Indian Law Reports,

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat; the copies for subscribers registered by Messrs. Thacker, Spink & Co., are distributed by that firm; and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1885, the terms of subscription and sale will be as follows:—

CHITTAGONG PORT TRUST.

The HON. MR MACAULAY, in moving that the report of the Select Committee on the Bill to appoint Commissioners for the Port of Chittagong be taken into consideration in order to the settlement of the clauses of the Bill, said that, with His Honour's permission, he would combine the first two motions which stood in his name. He had the honour to invite the attention of the

Council to an oversight which had occurred in the draft Bill and which required amendment. It would be observed that the main body of the Bill had been taken from the Indian Act XV of 1879, the Rangoon Port Trust Act, because it was understood that the circumstances of the Port of Chittagong would more closely resemble those of Rangoon than those of the larger ports of Calcutta and Bombay. At the same time the constitution of the body of the Port Commissioners of Chittagong was framed more upon the lines of the Acts applying to the larger ports Now the section relating to the disqualification of Commissioners was taken from the Bombay Act, which contained a saving clause regarding a particular Commissioner being interested in the loans of the Commissioners; while section 73 was taken from the Rangoon Act, which, for reasons which he did not understand, rendered a Commissioner who lent money to the Commissioners at large liable to disqualification and to fine. The Council must take either the two sections of the Bombay Act or the two sections of the Rangoon Act. He believed the Council would think it desirable to follow the lines of the Bombay Act, which permitted Commissioners to invest in the debentures of the Port Trust, and he would therefore ask for leave to move a provision in substitution of section 73 to the above effect.

The motion was put and agreed to.

The Hon. Mr. Macaulay moved that the following section be substituted for section 73 of the Bill:—

"Any Commissioner or servant of the Commissioners, who shall acquire, directly or indirectly, any share or interest in any contract or employment with, by, or on behalf of, the Commissioners, shall be deemed to have committed the offence made punishable by section 168 of the Indian Penal Code:

Provided that nothing in this section shall apply to a person—

(*a*) having a share in any Joint-Stock Company which shall contract with, or be employed by, or on behalf of, the Commissioners; or

(*b*) having a share or interest in any newspaper in which any advertisement relating to the affairs of the Commissioners may be inserted; or

(*c*) interested in any loan of money to the Commissioners."

His Honor the President said, hon. members would observe that the Bill, as it stood in section 73, conflicted with the terms of section 8, which referred to the disqualification from office of Commissioners. The amendment which had just been moved would be substituted for section 73, and would bring it into harmony with the provisions of section 8. It was therefore necessary that section 73, as it stood, should be altered.

The amendment was then put and agreed to.

CHOTA NAGPUR RURAL POLICE.

The Hon. Mr. Allen moved that the Report of the Select Committee on the Bill to provide for the regulation of the Rural Police in Chota Nagpur be taken into consideration in order to the settlement of the clauses of the Bill. He said on the last occasion that he considered it unnecessary to detail the changes which had been made by the Select Committee in the original form of the Bill as they were exceedingly few. The district of Manbhum had been exempted from the operation of the Bill until it should be included therein by a notification of the Lieutenant-Governor of Bengal. In the section providing for distraint of property plough-cattle and agricultural implements were exempted, and in accordance with a suggestion of the Government of India, a clause had been added to section 8 which allowed of the appointment of a punchayet in villages where the materials for the appointment of such punchayets were to be found. In section 32, which forbade the chaukidar abandoning his post without previous notice, a penalty had been provided, also in accordance with a suggestion of the Government of India, and the penalty was the same as that provided in Act V of 1861 and Act XV of 1870 for the regulation of the village police in the North-Western Provinces. Substantially, the Act would remain as it was originally passed in 1878, with these few exceptions.

The motion was put and agreed to.

The Hon. Dr Mahendra Lal Sircar moved that to section 6 the following clause be added:—"If any zemindar or tenure-holder is dissatisfied with such determination, he may appeal, within thirty days therefrom, to the Commissioner, who shall pass such orders as to him seems proper." He explained that

this addition was analogous to the clause in section 25 of the Bill which gave a right of appeal from the order of the Deputy Commissioner declaring what zemindars or tenure-holders were liable for the maintenance of road patrols. If an appeal was to be allowed in such cases, he thought that an appeal should also be allowed from an order determining the amount to be paid for maintaining the village police.

The HON. THE ADVOCATE-GENERAL apprehended that there could hardly be any question to be heard in appeal in a question of this sort. It did not require the safeguard of an appeal.

The HON. MR. MACAULAY would go further and say that such questions as would probably arise in appeal under this section might be exceedingly inconvenient. An appeal might go into the question of the number of chaukidars which should be employed, and of the grouping of villages, of which the Commissioner might have no knowledge whatever.

HIS HONOR THE PRESIDENT said he would like to know what remedy a man brought under this liability would have if he contested it.

The HON. MR. ALLEN observed that the force of the amendment lay in this: If a zemindar or under-tenure-holder was dissatisfied with the determination of the Deputy Commissioner, he should appeal to the Commissioner; but by the preceding section the matters for the Deputy Commissioner to determine were the number of village policemen and the pay of each. The only questions upon which he could appeal, therefore, were as to the number of village policemen to be appointed in each village, and the pay which they should receive; and the Bill provided limits in both these cases. The discretion of the Deputy Commissioner was almost completely taken away. He could not give a pay of more than Rs. 4, or less than Rs. 2, per mensem, and he could not appoint for a particular village more than the number of policemen which the law allowed, and he must determine the assessment according to the number of houses in each village. Moreover, every act of the Deputy Commissioner was subject to the control and orders of the Commissioner, and it required no provision of law to make his orders subject to such control. Probably the hon. member thought that by the introduction of this clause the liability of a zemindar or under-tenure-holder to police service would be open to appeal, but the amendment did not provide for that.

The motion was by leave withdrawn.

The HON. DR. MAHENDRA LAL SIRCAR moved that in section 8, paragraph 1, the words "a Board consisting of" be inserted after "thereupon," and the words "and the headman of the village or any other person appointed by the Deputy Commissioner," after "belongs." The object of this amendment, he said, was to associate with the tehsildar some one, preferably a headman, if such an one was available, in the business of assessment and thus to minimise the evils of taxation when the tax-gatherer himself was the assessor.

The HON. MR. ALLEN said he was unable to accept this amendment. The hon. member was anxious to provide a Board, but what the Board was to do after it was formed was nowhere said. The other sections of the Act knew nothing of a Board. They provided for the appointment of tehsildars and other officers, but a Board was unknown. This amendment would have no other effect than to call into existence a Board which would have no functions. The hon. member was apparently not acquainted with the circumstances of the villages of Chota Nagpur. It was the difficulty of getting intelligent headmen in the villages that had necessitated a change in the law of 1878. It would probably surprise the hon. member to hear that the headmen, where they even nominally existed, were not Hindus at all, but aborigines, and the Council could well understand what sort of a Board there would be consisting of a Bengali or a Behari tehsildar and a Kol *manki*. The amount of work they would get through would be exceedingly small, and to attempt to work the provisions of the Act relating to the assessment of the tax by such a Board would be something like attempting to plough a *khet* with a buffalo and a camel attached to the yoke. The amendment appeared to him to have been brought forward without sufficient knowledge and consideration of the circumstances which applied to the case.

His Honor the President said it would be noticed that the action taken by the Select Committee on the Bill was to introduce a system of punchayets where it was possible to do so, and where the intelligence of the residents led them to think that it would be to their interest that a punchayet should be appointed. The provisions of the section fully provided for that. His Honor thought sufficient provision had been made for an enlarged system of working the Bill. For himself, he was not inclined to support the amendment.

The motion was put and negatived.

The Hon. Dr. Mahendra Lal Sircar moved that the following clause be added to section 13:—"Each circle tehsildar shall give security, the amount of which shall be determined by the Deputy Commissioner." He said that as the collection of money would be entrusted to circle tehsildars, they should be required to give security.

Mr. Allen considered it quite unnecessary to provide by law for the taking of security, as the Deputy Commissioner could do so by executive action if it was found desirable.

The Hon. the Advocate-General remarked that the object of the amendment was to ensure the employment of trustworthy persons—a duty which he thought might safely be left to the discretion of the proper authorities.

The Hon. Mr. Reynolds pointed out that the taking of security from revenue officers was regulated by rule, and he thought it was more convenient that it should be so regulated.

His Honor the President observed that there was nothing in the Bill to prevent the Deputy Commissioner requiring some form of security to be taken if in any place the collections made under the Act were large.

The motion was put and negatived.

The Hon. Dr. Mahendra Lal Sircar moved that in section 16, line 2, the words "warrant in" be inserted before "writing." The object was to make it clear that there should be a warrant.

The Hon. Mr. Allen explained that the order for distraint provided in section 16 was not to be a warrant for the distraint of the property of a particular individual, but a general authority to distrain the property of a number of defaulters. He did not think the amendment would make the intention clearer.

The motion was put and negatived.

The Hon. Dr. Mahendra Lal Sircar moved that in section 22, clause 1, line 3, the word "jurisdiction" be substituted for "limits." He pointed out that the word used in clause 3 of the same section was "jurisdiction," and not "limits," and he moved this amendment simply for the sake of uniformity.

The Hon. Mr. Allen said that of all the amendments of which notice had been given, this was the most objectionable. It was dangerous to meddle with the words used by a draftsman in an Act, and he never ventured to do so without the fear that the drafter had some precedent behind him. The word jurisdiction could in no correct sense apply to the police: a judge had jurisdiction, a policeman had not; and throughout the Criminal Procedure Code the word "limits" was used in connection with police stations. Although the Council had been charged with corrupting the people of Bengal by its excise legislation, they must stop somewhere and not corrupt the English language.

His Honor the President said he thought attention had been very properly directed to the diversity of language in the Bill; and following the precedent of the Criminal Procedure Code, which was authoritative on the subject, he would be induced to support the use of the word "limits" throughout the Bill instead of "jurisdiction."

The motion having been by leave withdrawn—

The Hon. Mr. Allen moved that throughout the Bill the word "limits" be substituted for "jurisdiction" when used in connection with a police station. In this way the language of the Bill would be brought into conformity with the language of the Criminal Procedure Code, which must regulate the language of legislation on cognate subjects.

The motion was put and agreed to.

The HON. DR. MAHENDRA LAL SIRCAR moved that to section 30, clause 2, the following words be added: "and shall forthwith take the person so arrested to the police station within whose limits he acts as road patrol." He said that the clause as it stood authorized the arrest of certain persons, but made no provision as to what was to be done after arrest: a policeman ought to know what he should do after arresting a person. The amendment simply repeated the procedure on arrest as given in section 23.

The HON. MR. ALLEN said it certainly did seem strange that while section 23 contained a provision imposing upon a village policeman the duty of immediately carrying the person whom he arrested to a police station, a similar obligation should not be imposed on a road patrol, and he could give no explanation of the omission, except that sections 59 and 60 of the Criminal Procedure Code required all private persons and police officers who arrested any person to take him forthwith to a police station. Why the same sections were not considered sufficient to ensure a village police officer carrying the person arrested to the thana it was difficult to say. He had, however, no objection to this amendment.

The motion was put and agreed to.

The HON. DR. MAHENDRA LAL SIRCAR moved that in section 32, paragraph 2, line 10, the word "fine" be substituted for "penalty." This, he said, was apparently a more verbal amendment. But as the word "penalty" included imprisonment, and as the word "imprisonment" was used in the next line, as if separated from "penalty," he thought it would be better to substitute the word "fine" for the word "penalty."

After some conversation, the motion was put and agreed to.

MOULVIE ABDUL JUBBAR asked permission to move an amendment in section 5, paragraph 3. He thought the expression "the value of the chakran lands" did not indicate sufficiently clearly that it was to be the "annual" value. He would insert the word "annual" before the word "value."

The HON. MR. ALLEN considered that the word "value" covered annual value or any other value.

The HON. SIR HENRY HARRISON thought that if any change should be made, it ought to be made by the insertion of the word "monthly," and not "annual."

The motion was put and negatived.

The HON. MR ALLEN postponed the motion, which stood in his name, that the Bill as amended be passed.

CALCUTTA PORT TRUST.

The HON. MR. MACAULAY introduced the Bill to amend the Calcutta Port Improvement Act, 1870, and moved that it be read in Council. He said he obtained the permission of the Council to introduce this Bill on the 23rd of December last, and the delay which had occurred was due to the observance of certain formalities which had been prescribed by the Secretary of State. At the time he introduced the Bill he stated that its scope would be confined to the amendment of the constitution of the Port Trust, and that the details would be explained hereafter Hon. members would observe that practically the only important section of the Bill was section 4. By that section it was provided that five of the Commissioners should be elected—four by the Chamber of Commerce, and one by the Calcutta Trades' Association—and that the remaining eight should be appointed by the Local Government, with the proviso that at least two of the total number should be natives of India, resident in the town or suburbs of Calcutta. There might possibly be a discussion as to the extent to which an endeavour should be made to give further representation to railway and other special local interests, but this he thought might be left for consideration by the Select Committee. He had observed that the scope of the Bill had been entirely confined to the object of recognising by legislation that there should be the elective principle in the constitution of the Port Trust. He mentioned this because, at the last moment, a proposal had been received from the Port Commissioners to introduce a clause providing for pensions to be given to their servants. That was a large question, which required much consideration. Moreover, to take it up now would involve serious delay in view of the forms which the Council had to observe. It was practically a new

departure from the existing Act, and the introduction of a new Bill. He thought it was desirable that, if such a measure should be considered, it should take the form of a new Bill, which need not interfere with the passing of the present one.

The motion was put and agreed to.

The HON. MR. MACAULAY moved that the Bill be referred to a Select Committee consisting of the HON. MR. ALLEN, the HON. MR. IRVING, the HON. BABU KALI NATH MITTER, the HON. DR. MAHENDRA LAL SIRCAR, and the Mover, with instructions to report in one week.

HIS HONOR THE PRESIDENT said he was sorry the Council would not have the help of the HON. MR. CRUICKSHANK, who represented the mercantile interests, in the consideration of this Bill, as he was to leave Calcutta that day. Under these circumstances, they would not be able to have his services on the Committee on this Bill; but His Honor had no doubt that the Select Committee which had been nominated would give the Bill the fullest consideration in view of the particular interests which were involved.

The motion was put and agreed to.

The Council was adjourned to Saturday, the 26th instant.

CHITTAGONG PORT TRUST.

The HON. MR. MACAULAY moved that the Bill to appoint Commissioners for the Port of Chittagong, as settled in Council, be passed. He said:—In laying this motion before the Council he would merely inform them that from the time when he first had the honour of addressing the Council on the subject, he had constantly increasing evidence of the necessity for this measure. Recently he was informed by Mr. Lyall, the Commissioner of Chittagong, that no less than four ships were unable to proceed to sea because there was no tug to take them out, and two of these ships, in attempting to get out without steam, had gone aground, and another had to employ the mail steamer to tow her out. Then, again, Mr. Lyall had submitted an official report on a series of complaints made by Messrs. Ralli and Company of the great inconveniences to which the shipping were put by not only the absence of tugs, but the want of proper lighting of the approaches to the port. All these inconveniences would be removed by the operation of the Act which he now asked the Council to pass.

The motion was agreed to and the Bill passed.

CHOTA NAGPORE RURAL POLICE.

The HON. MR. ALLEN said that before proceeding with the motion which stood inhis name, he wished to remove a misapprehension which occurred on the last occasion, which perhaps his remarks had given rise to. In speaking of

the impossibility of appointing a Board for the assessment and collection of the chaukidari tax, he mentioned the incongruity of a Hindu tehsildar and a Kol *manki* sitting together. He had assumed a knowledge of Chota Nagpore on the part of members, which apparently was absent, and his remark was therefore misundestood ; and he took this opportunity of saying that the *manki* he referred to had nthing whatever to do with the wild animal which lived in the jungles. It was he name used in every Larka Kol village for the headman. It was the same word which was found in the Sonthal Pergunnahs, pronounded as *manji*, and which, in accordance with the phonetic laws that governed the interchange of words in these two languages, was changed from *manji* to *manki*. He now moved that the Bill for the Regulation of the Rural Police in the Chota Nagpore Division, as settled in Council, be passed.

The motion was agreed to, and the Bill passed.

CALCUTTA PORT TRUST.

The Hon Mr. Macaulay, in presenting the report of the Select Committee on the Bill to amend the Calcutta Port Improvement Act, 1870, said that he proposed, with His Honor the President's permission, to reserve any remarks which he had to make upon this Bill until the next meeting of the Council, when he would propose that the report be taken into consideration, the terms of the Bill be settled, and the Bill as amended be passed.

The Council was adjourned to Saturday, the 2nd April 1887.

EDUCATIONAL ENDOWMENT CREATED BY BABU CHUNDER NARAIN SINGH, A ZEMINDAR OF RAIPORE, IN THE DISTRICT OF BIRBHOOM, AND AT PRESENT PERSONAL ASSISTANT TO THE COMMISSIONER OF THE BHAGULPORE DIVISION.

A letter from the Director of Public Instruction, No. 1965, dated the 15th March 1887.

IN commemoration of the Jubilee year of the reign of Her Majesty the Queen-Empress of India, Babu Chunder Narain Singh, a zemindar of Raipore, in the district of Beerbhoom, and at present Personal Assistant to the Commissioner of the Bhagulpore Division, has offered to make a donation of Rs. 1,000, invested in 4 per cent. Government securities, in order that from the annual interest thereof two silver medals of the value of Rs. 20 each may be awarded under the following conditions. One medal, to be called the "Bhuban Mohan Singh Medal," after the name of the donor's father, will be awarded to the student of the Beerbhoom zillah school who passes highest in each year at the Entrance examination of the Calcutta University; or if in any year no student from the Beerbhoom zillah school passes the Entrance examination, then to a pupil of the highest class of the said school who, in the opinion of the local authorities, may be considered to deserve it. The other medal, to be called the "Hara Sundari Dasi Medal," after the name of the donor's mother, will be awarded annually to the best female student of any medical institution that may be established in the Beerbhoom district in connection with Her Excellency the Countess of Dufferin's Fund; and until such institution shall be established this medal will be given to the girl of the Beerbhoom female school who stands first in order of merit at the annual examinations, or who may, in the opinion of the local authorities, be otherwise deemed fit to receive it. Both medals will bear on the reverse side the likeness of the Queen-Empress, with a suitable inscription.

2. The Lieutenant-Governor is pleased to accept the donation made by Babu Chunder Narain Singh for this purpose, and tenders his thanks to him for his liberality. The Magistrate of Beerbhoom will be appointed to be the administrator of the fund.

ORDER.—Ordered that a copy of this Resolution be published in the *Calcutta Gazette*, and that a copy of it be forwarded to the Commissioner of the Burdwan Division for information and communication to Babu Chunder Narain Singh.

Ordered also that a copy of this Resolution be forwarded to the Director of Public Instruction for information.

EDUCATIONAL ENDOWMENT CREATED BY BABOO BIPRADAS BANERJEE, GOVERNMENT PLEADER, 24-PERGUNNAHS.

GENERAL DEPARTMENT—EDUCATION.

Calcutta, the 29th March 1887.

RESOLUTION.

READ—

Letter No. 5603, dated 19th August 1886 and Endorsement No. 1770, dated 8th March 1887, from the Director of Public Instruction, regarding a donation of Rs. 700 made by Baboo Bipradas Banerjee, Government Pleader, 24-Pergunnahs, for the purpose of awarding two silver medals annually to students of the Baraset Government School.

Baboo Bipradas Banerjee, Government Pleader, 24-Pergunnahs, and an ex-student of the Baraset Government School, has made over to the Director of Public Instruction, Government securities and stock-notes of the value of Rs. 700 in order to provide for the annual award from the interest thereof of two silver medals of the value of Rs. 14 each. The donor desires that one of these medals should be awarded in the name of his grandfather, Baboo Sib Chandra Banerjee, to the student of the Baraset School, preferably a Mahomedan, who obtains the highest marks in history at the Entrance examination of the Calcutta University. With regard to the award of the second medal, which is to be given in the donor's own name; no condition has been attached, but it is proposed by the Inspector of Schools of the Presidency circle, and by the Director of Public Instruction that this medal should be awarded to the student of the Baraset School, who obtains the highest marks in English and Sanskrit taken together in the Entrance examination in each year, and the Lieutenant-Governor approves this proposal.

2. Sir Rivers Thompson is pleased to accept the donation made by Baboo Bipradas Banerjee, and tenders his thanks to him for his liberality. The head-master of the Baraset School will be constituted the Administrator of the Fund.

ORDER—Ordered that a copy of this Resolution be published in the *Calcutta Gazette*, and that a copy of it be forwarded to the Director of Public Instruction for information and communication to Baboo Bipradas Banerjee.

STATE SCHOLARSHIPS TENABLE IN ENGLAND BY NATIVES OF INDIA.

The 29th March 1887.—The following Resolution by the Government of India in the Home Department, Education, is published for general information:—

P. NOLAN,
Secretary to the Govt. of Bengal.

No. 1—57-69, dated Calcutta, the 11th March 1887.

RESOLUTION—By the Government of India, Home Department (Education)

READ again the undermentioned papers on the subject of the creation of certain Government scholarships tenable in England by natives of India:—

Home Department Resolution Nos. 1—45-57 and 9—269-281, dated 12th February and 28rd August 1886, respectively.

Despatch to Her Majesty's Secretary of State, No. 7, dated 11th September 1886.

Telegram from Secretary of State, dated 22nd September 1886.

Read also—

Despatch from the Secretary of State, No. 128, dated 16th December 1886.

BY Home Department Resolution, dated 12th February 1886, cited in the preamble, it was announced that six State scholarships of the value of £200 each per annum, tenable for three years in England by persons who are natives of India within the meaning of section 6 of the Statute 33 Vic., Cap. 3, would be placed at the disposal of the Universities of Calcutta, Bombay, Madras, and the Punjab in rotation, one scholarship being given to each of the first two Universities during 1886, and one scholarship to each of the last two during 1887. The Government of India at the same time directed that, in the event of any special examinations being considered necessary for the election of scholars, the examinations should be held at such a time (not later than the month of June in each year) as would afford the successful candidates a sufficient interval to complete their arrangements and to reach England before the opening of the October term at the University of Oxford or Cambridge, to one of which Universities the scholarship-holders would be required to proceed. The Government of India subsequently announced, with the approval of Her Majesty's Secretary of State, that the stipend of each scholarship-holder would be paid quarterly at the end of each quarter, and it was further directed that the scholars should be instructed to report themselves to the India Office on arrival in England.

2. One scholarship was last year placed at the disposal of each of the Universities of Calcutta and Bombay. It appears that the scholar selected by the latter University, although he arrived in England in time for the October term, did not report himself at the India Office until the very latest moment, viz. the 12th of October, while the candidate selected by the former University was, owing to unavoidable causes, unable to proceed to England in time for the October term. Both the scholars, moreover, arrived in England without any formal papers for the India Office. In bringing these facts to the notice of the Government of India, Her Majesty's Secretary of State has pointed out that in future candidates selected for the scholarships in question should report themselves at the India Office before the commencement of the October term. His Lordship also considers it very important that details as to the manner in which the scholars were selected, as to the probable date of their arrival in England, and as to the choice of studies and University should reach the India Office before they arrive. The Governor-General in Council desires that the Punjab Government and the Registrar of the Calcutta University will invariably arrange that this information may be supplied to the Government of India in time to enable it to comply with the requirements of the Secretary of State in the matter.

In the case of scholars selected by the Universities at Madras and Bombay, the necessary report to the India Office should be made by the Local Governments.

3. As the payment of the scholarship allowance in monthly instalments and in advance is likely to prove more convenient to the scholars, and to be in other respects preferable to quarterly payments, Her Majesty's Secretary of State has directed its adoption as a rule.

4. In conclusion, the Governor-General in Council deems it expedient to point out that, while the scholarship allowance of £200 a year is sufficient to cover the necessary expenses of college life at Oxford or Cambridge, it is very desirable, if not absolutely necessary, that the scholars should have some small private resources of their own to enable them to meet expenses in the vacation and other general expenses which are scarcely avoidable. His Excellency in Council wishes this to be clearly explained to every candidate for the scholarship, and desires Local Governments to bring prominently to the notice of all institutions interested in the matter the fact that it is impossible for the holders of these scholarships to live with comfort in England without some private resources wherewith to supplement their scholarship allowance.

ORDER.—Ordered that a copy of this Resolution be forwarded to the Governments of Madras, Bombay, and the Punjab for information and communication to the authorities of the Universities concerned.

Ordered also that a copy be forwarded to the Governments of Bengal and the North-Western Provinces and Oudh, the Chief Commissioners of the Central Provinces, Burma, Assam and Coorg, and the Resident at Hyderabad, for information; and to the Registrar of the Calcutta University for information and guidance.

Ordered further that a copy be forwarded to the Department of Finance for information, and that the Resolution be published in the Supplement to the *Gazette of India*.

2. The receipts from railway traffic during the last 10 years are analysed in the following statement :—

	1885-86.	1884-85.	1883-84.	1882-83.	1881-82.	1880-81.	1879-80.	1878-79.	1877-78.	1876-77.

The receipts for 1885-86 were Rs. 64,085 more than those of the previous year, the increase being mainly in goods traffic. This indicates a volume of traffic more nearly corresponding to that of 1883-84, in which year the receipts reached their highest point. The receipts from local traffic were Rs. 12,885 above the amount realized from that source during the previous year, owing to the bridge tolls having been leased out from the 1st March 1885 at Rs. 1,651 a month more than the amount paid by the lessees in 1884-85.

3. The arrear payments due on account of the outstanding debt were made during the year. The balance of the original debt remaining unpaid at the close of the year was Rs. 9,33,333, and the reserve fund invested in Government securities amounted to Rs. 5,55,973. There was a cash balance of Rs. 4,21,563, and stock to the value of Rs. 1,08,761 has been provided as a reserve in case of an accident happening to the bridge. A further sum of Rs. 23,587 is invested for the reserve section. The question of the amount to be set aside for the reserve fund has recently been under the consideration of the Government in communication with the Commissioners, and it has been decided to fix it at Rs. 5,50,000, together with the stock valued at Rs. 1,08,761 provided for one section of the bridge. Adjusting the accounts on this basis the bridge debt will be redeemed in 1887-88.

4. The net revenue to the end of the year under review has amounted to Rs. 26,21,131, and the following statement shows how this amount has been appropriated :—

6. No sea-going vessels collided with the bridge during the year. There were 130 collisions of other vessels, but none of them were of a serious nature. No lives were lost, nor was any serious damage caused to the bridge.

7. The bridge was maintained in good order throughout the year, and the whole of the machinery and gearing connected with the moveable section for the centre opening is in good repair and thoroughly efficient. The total cost of repairs and renewals was as follows :—

	Rs.
Repairs	45,125
Renewals	7,609
Total ...	52,734

but of this sum Rs 36,822 only were paid during 1885-86, the balance having been paid this year.

8. The expenditure on account of renewals was chiefly incurred in paying bills for work done against sanctioned estimates in the previous year,

but as the amount was over Rs. 2,000, under section XXI of Act XI (B C.) of 1871, and section LII of Act V (B.C.) of 1870, the formal sanction of the Government should have been obtained in order to render the expenditure regular.

9. As the accounts showed that the condition of the bridge fund was such as to justify a reduction of tolls, the Commissioners, in December 1885, appointed a Committee to report on the question. The Committee's report was submitted by the Commissioners to the Government in January 1886, with a recommendation that the local tolls should be entirely abolished. The Lieutenant-Governor, however, while recognizing the financial position of the bridge fund to be perfectly sound, was not satisfied that it had been clearly established that it was expedient to abolish these tolls. The Commissioners were reminded of the circumstances connected with the imposition of the railway terminal charges, and informed that the opinion of the Government of India would be obtained and measures taken to ascertain the views of the Chamber of Commerce and others interested; and that, if the result of these enquiries went to prove that the proposal would meet with the acceptance of those interested in the matter, the Lieutenant-Governor was prepared to undertake the necessary legislation by a special meeting of the Council in the middle of the year.

10. A brief abstract of the opinions received on the proposal is subjoined:—

The East Indian Railway Company approved of the abolition of the local tolls on condition that wheat should at the same time be exempted from payment of the terminal charge levied on goods carried on the railway.

The Government of India, seeing that the two parties most interested—the Port Commissioners and the East Indian Railway Company—were in favour of the abolition of the local tolls, had no objection to the adoption of the proposal.

The Howrah Municipal Commissioners were of opinion that the tolls on local traffic should be abolished.

The Calcutta Trades' Association considered that custom had now reconciled the public to the railway terminal charges, and that there was practically no inconvenience resulting from them. They therefore thought that the local tolls should be abolished, and the terminal charges retained to meet the cost of the up-keep of the bridge in the future.

The Municipal Commissioners of Calcutta came to the conclusion that, as funds were so urgently needed for the improvement of the town, and especially for improving the roadway near the bridge, and, if possible, constructing a new street, and as an amount equal to these tolls could not be raised in any other way with less inconvenience, it was unadvisable to abandon a source of revenue which, they thought, was legitimate, and to which the persons using the bridge had become accustomed. They therefore recommended that, as soon as the debt on the bridge was paid off, the proceeds of the toll should be equitably divided between Calcutta and Howrah, and the receipts made over to the municipalities to be spent in public improvements.

The Chamber of Commerce considered that the proposal to abolish the local tolls was objectionable in every way and opposed alike to fairness, the interests of the trade of the port, and to public opinion. It referred to the strong position taken up by it in 1871, when the Act authorizing the construction of the bridge was being passed through Council, and from which it had never receded; and said that the anticipation of Sir George Campbell, that the mercantile community might hereafter see things in a different light, and find the system of railway terminal charges to be an easier and more convenient mode of charge than the taking of tolls upon the bridge, had not in any way been justified. The Chamber further stated that in making the proposal the Port Commissioners were not in any way in accord with the opinion of the mercantile community, which opinion was, and still is, that terminal charges on all goods are objectionable when levied for the benefit of such a work as the Howrah Bridge.

11. The replies received from those consulted were forwarded to the Port Commissioners in July last, and they were asked to report the conclusion they might come to as to the expediency of proceeding with the proposal or abandoning it. They were also asked to give their opinion with regard to

the proposal of the East Indian Railway Company that wheat should now be exempted from toll. The Commissioners' answer was received in August. They recommended the immediate abolition of the terminal charge on wheat, on the understanding that the Chamber of Commerce would accept that arrangement as satisfying the present requirements of the trade of the port, and they adhered to the recommendations made in their former report, and requested that proceedings might be taken to amend the Act so as to give the Lieutenant-Governor power to abolish local tolls whenever it might be considered practicable to do so.

On this the Chamber of Commerce, after consultation with the Calcutta Wheat and Seeds Trade Association, expressed its approval of the immediate abolition of the terminal charge on wheat, but, as regards the local tolls, it saw no reason for departing from the position already indicated. It was admitted that considerable inconvenience was caused by the collection of these tolls, but that inconvenience might, it was said, be dealt with as a detail of management, and did not furnish any real and sound argument for throwing the cost of the up-keep of the bridge upon goods which did not pass over it. The Chamber saw no objection to the Act being amended in the sense suggested by the Port Commissioners, but it could only concur in the abolition of the local tolls on the understanding that the largest possible measure of relief was first afforded to goods which now bear a heavy terminal charge.

12. The whole subject then had the careful consideration of the Government of Bengal, and in view of the opinions expressed by the Chamber of Commerce, and the circumstances connected with the original imposition of the terminal charges, it was decided to allow matters to remain as they are for the present year. When the bridge debt is paid off, it will be obligatory on the Government to take steps to reduce the tolls to such a point that they will just suffice, and no more, to cover the annual charges for maintenance. The debt will be redeemed next year, and the Jubilee railway bridge at Hooghly will then have been open some time for traffic, and may have an important influence on the question.

13. On this decision being communicated to the Commissioners, they recommended that the proposal to exempt wheat from payment of the railway terminal charge should be sanctioned without reference to the other suggestions put forward, and this the Lieutenant-Governor has agreed to. Wheat will therefore be exempted from the first of April next.

ORDER.—Ordered that a copy of this Resolution be forwarded to the Bridge Commissioners for information.

Ordered also that this Resolution be published in the Supplement to the *Calcutta Gazette* for general information.

Explanations.—Summary.—The normal means of air pressure and temperature are the arithmetical averages or means of the reading during the same period for the past ten years. The humidity of the atmosphere is expressed as a percentage, saturated air being represented by 100. A clear sky is denoted by 0 and an overcast sky by 10. The numbers in the column of rainfall are the numerical means or averages of the rainfall in that district determined from the returns sent in by the sub-divisional stations for the period in question during the past 10 years. The number of stations reporting in returns divided by the number of stations. A rainy day is one on which at least hundredth of an inch fell.

* Means for 5 days

for the week ending Friday, the 25th March 1887.

CALCUTTA, *the 29th March* 1887.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING FRIDAY, THE 25TH OF MARCH 1887.

THE weather throughout the province during the past week was fine and skies clear, and was hence characterized by the absence of any disturbance. During the previous week a series of thunderstorms occurred, after which fine clear dry weather set in, with unusually low temperature. At the commencement of the week under review dry land winds (from the north or west) extended to every part of the province, excepting the most easterly districts of East Bengal. Very low humidities were hence registered in Central and South Bengal. The humidity at Dacca, for example, on the 21st, was only 28 per cent., the normal humidity during the latter part of March being 63 per cent. The peculiar features at this time, viz., unusual coolness and dryness of the air, appear to have been an effect of actions in the hills of Northern Bengal, as they were most marked in the immediate neighbourhood of the hills in North Bengal, and to a slightly less extent in North Behar. The minimum temperature on the 19th, 20th and 21st in those districts was from 10° to 15° below the normal. During this interval of very cool weather in Bengal and Behar, a few showers fell in Orissa, the only rain which was received during the week. The land winds in Bengal commenced to diminish in force and to retreat westwards on the 21st. Southerly winds gradually set in over the coast districts of South-West Bengal, and the humidity and temperature of the air increased, at first slowly, and afterwards (on the last two days of the week) somewhat rapidly. The conditions in Behar and Chutia Nagpur, however, remained unchanged. Dry westerly winds continued during the whole week, and remarkably low humidities were registered in South Behar and Chutia Nagpur, and the adjacent districts of South-West Bengal, such as in fact rarely occur, except in May, the hottest and driest month of the year in Behar and Chutia Nagpur. For example, the average 10 A.M. humidity at Hazaribagh for the week was 11 per cent., and the lowest 7 per cent. The normal average 10 A.M. humidity at that station in the middle of March is 29 per cent. The average 10 A.M. humidity at Dehree from the 21st to the 24th was 7 per cent, the lowest being 5 per cent. Hence the pronounced features of the weather during the past week were diminished temperature, especially at night, and unusual dryness of the air. The setting in of southerly winds during the latter part of the week began to initiate a series of changes such as usually terminate in disturbed weather, and thunder-storms or nor-westers in Bengal.

The movements of the barometer were very small. The total range of its movement during the week varied from ·03″ to ·1″ in different parts of the province. The mean pressure of the week was slightly in excess of the normal pressure, the amount of the excess varying from nil at Chittagong to ·022″ at Burdwan and ·033 at Hazaribagh. The abnormal character of the weather in the hills of Northern Bengal during the past week is shown by the fact that, whilst pressure was in excess at all the plain stations, it was ·026″ in defect at Darjeeling.

A remarkable failure of the week was the unusual coolness of the air. The mean temperature of the week was 5° below the normal temperature in North Behar (and probably North Bengal), 2·7° below it in Chutia Nagpur, 2° in South Behar, 1½° in South-West Bengal and Orissa, and 1° in East Bengal. The day or maximum temperature was slightly above the average in South and East Bengal, but was from 2° to 5° below in the remainder of the province, the deficiency being most marked at Darjeeling. The night temperature was below the average at all stations except Cuttack The deficiency was largest in amount in Central and North Bengal and in North Behar, where the average defect for the week ranged from 5° to 8°. As already stated, the night temperature in the sub-mountain districts of North Bengal and Behar during the early part of the week was from 10° to 15° below the normal. The following table gives temperature data for eight representative stations:—

No rain fell during the week except a few light showers on the 19th, 20th and 21st in Orissa, which gave it an average of nearly a tenth of an inch. East and North Bengal and South Behar have received average rainfalls since the 1st of the month slightly in excess of the normal, but in other divisions the rainfall of the month up to date is considerably below the average.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Friday, the 25th of March 1887 :—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h., 10h., 16h. and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The month of the rain-gauge is one foot above the ground.

MEMORANDUM.

FROM the annexed table, exhibiting the vital statistics of the principal Municipalities in Bengal for the week ending 12th March 1887, it appears :—

1. That births and deaths were registered in these Municipalities at the rates, respectively, of 18·6 and 24· per 1,000 of population, against very nearly the same proportions, *viz.* 18·5 and 23·8 per 1,000, respectively, during the preceding week ending 5th March.

2. That in the following Municipalities, births and deaths were reported to have been recorded at the highest rates :—

Births.	Ratio per *mille.*	*Deaths.*	Ratio per *mille*
Comillah ...	57·8	Poori ...	107·0
Beauleah ...	52 5	Suburbs of Calcutta ...	44·1
Utterpara ...	37·7	Gya ...	43 0
Serampore ...	31·4	Utterpara ...	37·7
		Comillah ...	30 8

3. That the mortality from the specific death-causes stood as follows in comparison with the similar information for the preceding week :—

	Ratio per *mille* during the weeks ending—	
	12th March 1887	5th March 1887
Cholera ...	5 2	4 3
Small-pox ...	1	·2
Fever ...	9 1	9·0
Bowel-complaints ...	2 6	3 6
Injury ...	·4	·4
Other causes ...	6·6	6·3

The only noticeable point apparent from the above figures is that there was an increase of fatal results from cholera with a diminution in that from bowel-complaints.

4. That of the abovementioned diseases, cholera and the diseases recorded under the head of "Other causes" were notably fatal to life in the following Municipalities, the rest of the death-causes not exhibiting noticeable local variations :—

Cholera.	Ratio per *mille.*	*Other causes.*	Ratio per *mille.*
Poori	27·6	Comillah	15·4
Suburbs of Calcutta	13·9	Midnapore	12 4
Gya	8·9	Gya	12·3
Howrah	3·4	Mozufferpore ...	12 2
		Poori ...	10 5
		Bhagulpore	10 0

5. That the death-rates in relation to *Sex*, *Class* and *Age*, were returned at the rates indicated below :—

* A special census of the Europeans in the Darjiling Municipality was recently taken, as the census of this section of the community, taken in February 1881, was not reliable owing to the Europeans being at a minimum in that month. The number of the natives ascertained at the time it was not necessary to re-census them. The ratios have consequently been calculated on the revised population under all heads in the above table, except "deaths," the ratios under which have been omitted, inasmuch as the census of the Europeans alone, although it cannot be employed as a basis of calculation during the months of the census season, when the population is under-estimated, forms, at non-census times,

Increases.

Betelnuts ... ... 102 tons.

This may be accounted for by improved trade between Bengal Central Flotilla stations and the Calcutta market

Coal and coke ... ... 34 tons.

Increased despatches for river steamers and for railway purposes during the month.

Jute ... ... 101 tons

This increase may be attributed to increased facilities offered by the railway as compared with other modes of transport.

Rice ... ... 98 tons.

The cause of this is to be found in improved trade generally.

Seeds ... ... 124 tons.

I account for this increase by assuming that the opening of the railway has afforded facilities for export of produce to the place of shipment for foreign ports and general trade in this article.

Decreases.

Salt ... ... 388 tons.

The cause of this decrease may be attributed to no demand, consumers having sufficient stocks in hand during the month.

Sugar ... ... 240 tons.

The Jhikergachi mills are almost at a stand-still, and no improvement in this staple can be looked for until the new season's crop cane is cut.

Miscellaneous ... ... 1,088 tons.

This decrease is in unmanufactured non-classified goods, and it is difficult to account for it; the only way I can do so is by supposing that stocks of such articles as are referred to are laid in periodically, and during the period under reference sufficient were in hand, and we may look for a constant increase and decrease of this traffic.

Increase. Tons.

Coal 331

This increase is due to less import during previous months.

Cotton raw 9

This increase is due to greater demands in the market.

Cotton piece-goods 14

The increase in this staple is due to river communication being stopped for want of sufficient water.

Edible grains—

Rice 696

The increase in this staple is due to plentiful crops and larger export from intermediate stations, Bokhoru, Noodee and Lakipur.

Jute 14

This increase is due to demand in Calcutta.

Gunny-bags and cloth 28

This increase is due to increased grain traffic.

Metal—

Iron 10

The increase in this staple is due to greater import

Oil seeds 30

This increase is due to falling off during last month.

Salt 11

This increase is due to salt being imported by retail vendors to intermediate stations.

Silk, raw 56

This increase is due to tusser cocoons being imported from Sarakur.

Decrease.

Railway plant and rolling-stock 37

This decrease is due to less materials carried during the month.
